

20-03-2023

ADDENDUM - I

SARIC Training- 2023 (Dam Safety Principles)

This is with reference to our existing RFT for SARIC Training- Dam Safety Principles and our Addenda dated 10 March 2023. As per our Addenda, the closing date was extended from 10 March 2023 to 20 March 2023. Now, we are extending our submission deadline from 20 March 2023 to 20 April 2023. Please see the below revised timeline-

- 1. Endorsement: SARIC Training- 2023 (Dam Safety Principles)**
- 2. Closing Time: 11:59 pm AEST / 7:29 pm IST, 20 April 2023**
- 3. Query submission date: 11:59 pm AEST / 7:29 pm IST, 3 April 2023**
- 4. Last date for addenda: 11:59 pm AEST / 7:29 pm IST, 13 April 2023**

Other terms and conditions shall remain the same.

ADDENDA

SARIC Training- 2023 (Dam Safety Principles)

This is with reference to our existing RFT for SARIC Training- Dam Safety Principles. The closing date was 10 March 2023. It has now been extended by 10 days to 20-March 2023. Please see the below revised timeline-

- 1. Endorsement: SARIC Training- 2023 (Dam Safety Principles)**
- 2. Closing Time: 11:59 pm AEST / 7:29 pm IST, 20 March 2023**
- 3. Query submission date: 11:59 pm AEST / 7:29 pm IST, 15 March 2023**
- 4. Last date for addenda: 11:59 pm AEST / 7:29 pm IST, 17 March 2023**

Other terms and conditions shall remain the same.

South Asia Regional Infrastructure Connectivity (SARIC)

SARIC Training- 2023 (Dam Safety Principles)

Request for Tender

February 2023

SARIC Training-2023 (Dam Safety Principles)

Request for Tender

As Managing Contractor for SARIC Training and Networking Services (hereinafter referred to as “SARIC” or “The Project”), Palladium (hereinafter referred to as “Palladium” or “The Company”) invites you to tender for training and activities related to “Dam Safety Principles”. This is a Department of Foreign Affairs and Trade (DFAT) funded Program and all Tenderers are required to follow Commonwealth Procurement Guidelines, details of which can be accessed via the website:

<https://www.finance.gov.au/government/procurement/commonwealth-procurement-rules>

SARIC training will be delivered through short courses focused on infrastructure- transport and energy. The delivery will be carried out by:

- an Australian higher education provider (see Table A, B, C of the Higher Education Support Act 2003)¹
- Higher educational institutions that are officially accredited or recognised higher education institutions (HEIs) as per International Association of Universities²;
- approved regional/South Asian higher education institute; or Universities with global accreditations- accredited by Association to Advance Collegiate Schools of Business (AACSB)³;
- Vocational educational and training institutes/organisations/consulting firms registered under the respective countries land laws or government mandate

The current RFT is separated into four parts:

Part 1 - Activity Specific Tender Conditions

Part 2 - Standard Tender Conditions

Part 3 - Scope of Services for SARIC training- 2023

Part 4 - Annexures

If your organisation chooses to lodge a Tender, it must be submitted on the terms of this document and the attached Parts (together referred to as the **Request for Tender** or **RFT**). Applications close at 11:59 pm (AEST) 10th March 2023.

Organisations submitting Tenders are encouraged to fully inform themselves of the Tender conditions (both Activity and Standard) when preparing their Tenders. Please direct any enquiries to procurement.saric@thepalladiumgroup.com no later than 11:59 pm (AEST) 20th February 2023. Tenders that do not include both the technical and financial proposals will be assessed as non-compliant and will not be provided to the Technical Assessment Panel (TAP) for evaluation.

We look forward to receiving your Tender.

Yours sincerely

Shivani Manaktala

Team Leader

South Asia Regional Infrastructure Connectivity (SARIC) – Training & Networking Services

VET	Vocational Education or Training

1. Part 1A- Activity Specific Tender Conditions

1. **Endorsement:** SARIC Training- 2023 (Dam Safety Principles)
2. **Closing Time:** 11:59 pm AEST / 7:29 pm IST, 10 March 2023
3. **Query submission date:** 11:59 pm AEST / 7:29 pm IST, 20 February 2023
4. **Last date for addenda:** 11:59 pm AEST / 7:29 pm IST, 27 February 2023
5. **Delivery Address:** procurement.saric@thepalladiumgroup.com
6. **Contact:** procurement.saric@thepalladiumgroup.com
7. **Page Limits:** Technical proposal maximum of 16 A4 pages plus annexures, including:
 - i. Detailed training outline up to 16 A4 pages (*Includes technical criteria, organisational capability, public diplomacy, and value for money*)
Annexures:
 - ii. Curriculum Vitae (CV) for proposed team member up to a maximum of five CVs of no more than three A4 pages per CV
 - iii. Letters of Association for pastoral care services and other details of other proposed subcontractors of one A4 page each
 - iv. Pastoral Care Plan up to a maximum of three A4 pages
8. **Tender Validity Period:** 180 days
9. **Information:** Information about South Asia Regional Infrastructure Connectivity (SARIC) Training and Networking Services is available on the SARIC TNS website - <https://www.sarictns.org/>

Eligibility to Submit a Technical Proposal

SARIC training will be delivered through short courses focused on infrastructure- transport and energy. The delivery will be carried out by:

- an Australian higher education provider (see Table A, B, C of the Higher Education Support Act 2003)⁴
- approved regional/South Asian higher education institute; or Universities with global accreditations- accredited by Association to Advance Collegiate Schools of Business (AACSB)⁵;
- higher educational institutions that are officially accredited or recognised higher education institutions (HEIs) as per International Association of Universities⁶;
- Vocational educational and training institutes/organisations/consulting firms registered under the respective countries land laws or government mandate

A. Score Weightings

Tenderers will be assessed based on clearing the basic conformity criteria and then subsequently scored on the technical capacity and financial viability, in a four-step process.

Tenderers should note that as part of its technical deliberations in respect of all the criteria below, the Technical Assessment Panel (TAP) will confer after the submissions are closed. The TAP will assess both technical and

⁴ http://classic.austlii.edu.au/au/legis/cth/consol_act/hesa2003271/index.html

⁵ <https://www.aacsb.edu/members>

⁶ <https://www.iau-aiu.net/>

financial aspects of the tender.

Step One: Conformity Checking

The Company will assess Tenderers on their responses to the conformity checking criteria through the assessment of Annex 4 and 5 related to Pastoral Care Plan. Tenderers must be assessed as suitable on this requirement to proceed to the next stage of assessment. Tenders judged as unsuitable will not be assessed further. If required, Tenderers may partner with suitable entities for implementing the pastoral plan for which details of the suitable entity along with Letter of Association (LOA) for pastoral care services needs to be submitted. The Tenderer however will continue to bear the full responsibility of delivery of pastoral services under the agreement with Palladium if selected.

Following the assessment of the essential criteria, the TAP will assess both the technical and financial submissions.

Step Two: Technical Proposal

Technical submissions will be assessed according to the quality of the responses and the weightings indicated against each of the criteria. Each submission will be awarded a score out of 100.

The TAP's assessment of the technical proposal will account for 80% of overall score.

Step Three: Financial Proposal

This like-for-like price assessment will represent 20% of the overall score. This will take into consideration the total cost proposed for the training partner services.

Relative scoring method will be used to assess the financials submitted by the Tenderer. The score will be based on the total of all line items (Management Fees, Short Term Personnel Costs, Reimbursable costs, additional participants costs and networking events costs).

Financial score = $(\text{Lowest bid} \times 100 / \text{respective Tenderers bid})$ will account for 20% of overall score

Step Four: Summary Weighted Score Calculation for selection

Summary Weighted Score = Technical Score * 80% + Financial Score * 20%

Tenderer with Highest Summary Weighted Score will be selected and is hereinafter referred to as "Selected Tenderer" or "Contractor".

1.1. Technical Proposal (Tender Schedule A)

1.1.1 Technical capacity and response to Scope of Services (Not more than 10 pages)- 50% of Technical Proposal weightage

Tenderer must demonstrate how it will (*refer part 4- annex 1 of this RFT for reference template*):

(a) Design the activity to enable the achievement of the expected learning outcomes. Consideration should be given to proposed topics to be covered during the course, and how the Tenderer intends to facilitate participant learning through classroom and site visit-based sessions with well-informed presenters, interactive exercises, discussions, smaller group sessions, use of case studies and application of adult learning principles.

Note- The expected training duration in Australia will be 8-10 days.

(b) Incorporate national and/or international guest speakers of relevance into the activity

(c) Monitor and evaluate progress towards, and achievement of, individual participant learning outcomes, as well as the overall progress and success of the activity against its outcomes and objectives

(d) Identify key risks and/or challenges in the design and delivery of the activity and how those will be managed

1.1.2 Public diplomacy and communication (Not more than 2 pages)- 10% of Technical Proposal weightage

Describe how your organisation will contribute to the recognition of DFAT and Australia as an active partner in

SARIC Training- Dam Safety Principles

South Asia' development. Consider how the capacity built because of SARIC, positive media coverage or contributions to SARIC publicity, or formal diplomacy events could contribute to this recognition

1.1.3 Prior performance and experience (Not more than 2 pages)- 10% of Technical Proposal weightage

(a) Describe the qualities your organisation has that will enable them to meet the challenges of the activity and contribute to best practice. Include examples of past achievements.

(b) Prior experience in delivering similar training programs/DFAT funded program/South Asia training programs

c) Demonstrate flexibility through the ability to respond to and accommodate changes in client requirements, because of change in political or economic circumstances

(d) Ability to support assessments / monitoring and evaluation of training outcomes

(e) Financial system in place for ensuring cost consciousness through actively managing costs and creating efficiencies.

1.1.4 Core Personnel (Not more than 3 pages for each CV)- 20% of Technical Proposal weightage

The Tenderer must propose a team structure which provides the capacity to deliver the activity. A maximum of five team members can be nominated to deliver the activity. Detail their relevant experience. Curricula Vitae are to be attached as an annexure as per the template in Annex 2

1.1.5 Value for Money (Not more than 2 pages)- 10% of Technical Proposal weightage

The Tenderer must demonstrate how its Technical Proposal represents value for money, through cost effective delivery (i.e., factors such as existing delivery models, partnerships, industry connections, resources and materials that will contribute to effective activity delivery) and co-contributions from the Tenderer (either monetary or in-kind)

Technical Proposal (Tender Schedule A) must be submitted as a separate document in PDF format and must be clearly identified with the Tenderer's name and course title: "TENDERER's NAME – COURSE TITLE – Technical Proposal SARIC Training- 2023 (Dam Safety Principles)".

1.2. Financial Proposal (Tender Schedule B)

Tender Schedule B must be a fully costed fixed price based on the outputs / inputs as specified in Tender Schedule A, including:

- i. Management Fee (Table 1)
- ii. Short Term Personnel Costs (Table 2)
- iii. Reimbursable Costs including Pastoral Care Costs (Table 3)
- iv. Networking Cost (Table 4)
- v. Additional Participant Costs (Table 5)
- vi. Total Tender Price (Table 6)

The Financial Schedule must contain the information required and adhere to the format detailed in this Clause.

The Financial Schedule will have three (3) purposes:

1. To provide information that will enable Palladium to assess the value for money of the Tender
2. To provide information that will enable provision to be made in the Subcontractor Agreement with the successful Tenderer for variation to the Agreement if the Project inputs are subsequently varied by DFAT either within the term of the Agreement or to facilitate possible extension to the Agreement term and
3. To provide information that will facilitate subsequent negotiation of the progressive flow of payments to the Subcontractor over the life of the Agreement.

Tenderers will outline their costs in the format requested below. All six tables must be completed for tenders to be assessed.

Financial proposals will be assessed on the relative total comparable cost criteria with a total score of 100. These factors are assessed by comparing the tendered values against those submitted by other Tenderers.

1.2.1 General Requirements for Pricing

1. The Financial Proposal must be consistent with the requirements of this RFT.
2. Tenderers must complete the Price Tables as detailed below.
3. Any qualifications or assumptions relating to prices and escalators must be specifically stated.

1.2.2 Management Fees

1. Tenderers must provide details of all Management Fees related to provision of the Goods and/or Services by completing **Table 1 (Total Management Fees)**.
2. This Management Fee is to manage and deliver the short course and program services, including the available Reimbursable Costs, Award Implementation Costs, Operational Costs, and to provide the Specified Personnel as required in this RFT.
3. The proposed costs of the required Specified Personnel positions, proposed Management Fees, Reimbursable Costs, Networking Event Costs and Additional Participant Costs will be included in cost assessment and comparisons between Tenderers during the technical, price and value for money assessment for this Tender.
4. Tenderers must also provide a breakdown of proposed costs in the following cost item areas of Management Fee. The reason for these costs should be explained in the response to selection criteria, and the breakdowns should be provided in separate table form in the financial proposal, providing rates and inputs if needed, to explain proposed costs:
 - i. profits, including commercial margins and mark-up for personnel and project management
 - ii. financial management costs, including the cost of an independent annual audit of The Project and financing costs, if any;
 - iii. costs of any Contractor administrative and head office staff if approach identifies any needed, including the proposed cost of a Contractor Representative, if any;
 - iv. insurance costs as required by this Contract, but exclusive of the costs of medical insurance for Advisers;
 - v. any allowance for risks and contingencies; and
 - vi. all other costs not specifically identified (Tenderer to specify).

1.2.3 Personnel Costs

1. Tenderers should note any positions identified and proposed must be remunerated as appropriate local labour market rates/standards.
2. Tenderers should use a daily rate to capture the personnel costs appropriately

1.2.4 Reimbursable Costs

Reimbursable costs specified in **Table 3 (Reimbursable Costs)** above shall be subject to the following conditions:

For participants

- **Participant accommodation with meals:** for accommodation in single rooms appropriate to participant profile, that includes 24-hour internet access.
- **Participant medical insurance in the country of training:** Standard rate of health insurance to be followed.
- **Participant stipend:** Per diem (of not more than 100 AUD per day) will be provided to participants for daily expense in the country of training during training apart from accommodation. Per diem is expected to cover meals not provided by the Selected Tenderer, incidentals, phone calls, personal travel, etc. No additional allowances will be provided. Per diems are paid in advance weekly by the Selected Tenderer. This would depend on whether some meals are already provided (e.g., breakfast by the accommodation provider or lunch at the training venue). When meals are provided as a part of the course an adjustment from the standard rate will be made, according to the following:
 - a) Breakfast: Deduct 21% from the allowance
 - b) Lunch: Deduct 23% from the allowance
 - c) Dinner: Deduct 39% from the allowance

Items not required to be included in the Reimbursable Table 3:

- **Participant travel costs:** all airfares to and from the Participants country and the Selected Tenderer

SARIC Training- Dam Safety Principles

location will be booked in economy class and will be booked and paid for directly by Palladium.

- **Visa costs:** directly relating to the course, including in-South Asia and Australian/other country visas. All visa application processes are managed by the participants and costs are the responsibility of Palladium. However, the selected Tenderer will provide the visa letter to all participants.

1.2.5 Tender Price

- Tenderers must provide a total Tender price comprising the sum of Tables [1 – 3] by completing Table 6 (Tender Price) below.

The fixed costs for delivery of the course as outlined in the Scope of Services are to be detailed in Table 1. This includes the items listed including relevant insurances including but not limited to; professional indemnity, workers insurance. The fixed costs are not to include personnel costs, or any costs outlined in the reimbursable line. Additional items may be added under “other” with an additional line item added clearly detailed what other includes.

Table 1: Total Management Fee (AUD excluding GST)

Management Fees	Amount (AUD)
Total Management Fee	

Note- Breakdown of management fee may include the profits, overheads, financial and all management costs, administrative costs, security costs, taxation, risks and contingencies, tendering and sub-contracting costs if any, compliance cost if any, insurance cost and any cost not covered in reimbursable and other heads.

Total of Table 1 = ‘A’

Table 2: Short Term Personnel Costs

The Tenderer is to nominate the positions and personnel required to design, deliver, and support the course. There is no limit to the number of positions that a Tenderer may propose. Tenderers must nominate the number of input days required by the proposed personnel for the delivery of each Course. Positions may be either part-time or full-time and may be filled by more than one person.

The positions listed below are indicative. The Tenderer should propose and cost the positions in line with the Tender response.

Table 2: Short Term Personnel Costs at Local labour rate (AUD excluding GST)

Position	Personnel Name	Maximum Number of Input Days	Fee rate per day	Maximum Amount Payable (AUD)
<i>Course Director/Manager</i>				
<i>Lead Facilitator</i>				
<i>Assistant Facilitator</i>				
<i>Administration and pastoral care</i>				
Total (AUD)				

Total of Table 2 = ‘B’

Table 3: Reimbursable Costs (AUD excluding GST)

Reimbursable Costs will be paid based on actual costs incurred. The table below should specify the maximum estimated costs that will be incurred in the delivery of SARIC trainings, based on 15 participants.

SARIC Training- Dam Safety Principles

Tenders should note items to be included in Reimbursable Costs to ensure they are not included in the Management Fee structure.

#	Item	Amount (AUD)
1	Facility costs	
2	Guest lecturers and other academic input	
3	Field trip costs (if any)	
4	Extra-curricular costs	
5	Extension support costs (e.g. internet / library access)	
6	Material costs	
7	Participant stipend	
8	Participant accommodation (including breakfast, lunch and dinner)	
9	Participant transfers and transport (airport to venue and back, and local travel)	
10	Translation services	
11	Participant medical insurance	
12	Contingency cost	
13	Other reimbursable costs (please specify, including any media or high-level events associated with the course)	
	Total Reimbursable Costs	

Total of Table 3 = 'C'

Table 4: Networking Event Cost (AUD excluding GST)

Particulars	Total Cost (AUD)
Venue cost	
Catering cost	
Materials cost	
Other costs (please specify in order below)	

Total of Table 4= 'D'

Table 5. Cost per additional participant to a stated maximum (AUD excluding GST)

Information required in Table 4 may be utilised to determine the cost implications of extending the cohort size at the point of selection.

Course delivered	Additional cost per participant (AUD)	Maximum number of participants*	Total Costs for Additional Participants
Course Title		5	Additional Cost per participant*5

Total of Table 5= 'E'

***Note:**

1. The Additional Cost per participant shall be levied based on number of additional participants over and above the cohort size mentioned in this RFP. For the purpose of calculations, we are considering a maximum of 5 additional participants.
2. The Additional Cost per participant shall also be considered for any future similar training of 15 or more participants that needs to be conducted by the Selected Tenderer. The Tenderer shall align the costs above to the value for money criterion of the Technical Selection Criteria.

Table 6: Summary Information for Financial Assessment (AUD excluding GST)

The calculations from the table will be used to compare the relative costs of the financial submission against other tenders.

Management Fees Payable	A
Short Term Personnel Costs	B
Reimbursable Costs	C
Networking Costs	D
Total Additional Participant Costs (upto 5 participants)	E
Tender Price	A+B+C+D+E

1.2.6 Milestone

Payment	Required deliverables (Payment: upon receipt of an approved invoice and satisfactory completion of identified outputs)	in percentage	Amount in numbers (AUD)	Anticipated dates
Milestone Payment 1	Signed contract	25 % of fixed cost		On signing
Milestone Payment 2	Completion of online induction of participants and finalisation of detailed course session plan	25 % of fixed cost		To be decided with Selected Tenderer
Milestone Payment 3	Completion of training, site visits and networking event in Australia	30% of fixed cost		To be decided with Selected Tenderer
Milestone Payment 4	Submission of Course Completion Report.	20 % of fixed cost		To be decided with Selected Tenderer

Note- Payment of reimbursable costs can be negotiated at the time of signing of the contract.

Tender Schedule B must be submitted as a separate document in PDF format and must be clearly identified with the Tenderer's name and course title: "TENDERER's NAME – COURSE TITLE - Financial Proposal SARIC Training- 2023 (Dam Safety Principles)".

Any potential Subcontractor Agreement extension will be negotiated using the rates nominated in the financial submission of this Tender.</p> <p><i>(Signature of person making declaration)</i> Declared at () on the () day of (2023)</p>	

3. Part 2- Standard Tender Conditions

1. If the Tenderer finds any discrepancy, error, or omission in this RFT or wishes to make any enquiry concerning this RFT, it is to notify Palladium in writing to the contact contained in clause 3.8 at least ten days prior to the RFT closing date. Where appropriate, answers to any such notices or questions will be given by Palladium in the form of Addenda and will be issued to all Tenderers up until five days prior to the RFT closing date.
2. Palladium may amend the RFT at any time prior to the closing date and time, including (without limitation) the Contract Conditions. The Tenderer may rely on no explanation or interpretation of the RFT unless given in the form of Addenda. Such addenda will become part of the Invitation.
3. The information contained in this RFT is not guaranteed with respect to accuracy and completeness and Palladium accepts no responsibility for interpretations placed on the information by Tenderers. Tenderers should submit their proposals based on their own investigations and determinations.
4. The Tenderer is responsible for examining the RFT and any other information relevant to the risk, contingencies and other circumstances having an effect on its Tender which it is responsible to obtain.
5. Palladium reserves the right before closing date and time to extend the deadline for submission of Tenders. If Palladium extends the deadline for submission, it will do so in the form of written Addenda.
6. Palladium may, in its absolute discretion, terminate or abandon the RFT process, or reject Tenders by giving notice in writing to the Tenderers. If Palladium does terminate or abandon the process, it will not be liable for any costs, losses, expenses, or damage incurred by the Tenderer as a result of such termination or abandonment.
7. The Tenderer is responsible for all costs incidental to the preparation and delivery of the Tender, or any subsequent stage(s) of the procurement process, including answering any queries and providing any further information sought by Palladium
8. Palladium reserves the right to:
 - a. seek Tenders from any organisation
 - b. request clarification in relation to the Tender, or request for additional information, to enable it to make an assessment as to the Tenderer's technical capacity to undertake the Activity. If the Tenderer fails to submit any information required by Palladium by the date and time stipulated, the Tender may be treated as invalid
 - c. publish the name of any short-listed Tenderer based on the documentation received
 - d. seek information or negotiate with any organisation that has not been invited to submit a Tender.
9. No legal obligations or agreement whatsoever is intended to be or is created between Palladium and the Tenderer by virtue of this RFT (including but not limited to statements contained in this RFT or its Addenda) unless and until contract negotiations are completed and a formal written agreement acceptable to Palladium is entered into and executed by an authorised officer of the successful Tenderers.
10. The Tenderer acknowledges and agrees that Palladium, its employees, agents, and advisers are not, and will not be responsible, or liable for the accuracy or completeness of any information contained in the RFT or any Addenda.
11. The Tenderer must warrant that it has not engaged in collusive or anti-competitive practices with any other tenderers in the preparation of the Tender.
12. The Tenderer's proposal will be valid for the Tender Validity Period specified on page 4 of this RFT.

3.1. Eligibility Criteria

2.1.1 SARIC training will be delivered through short courses focused on infrastructure- transport and energy. The delivery will be carried out by:

SARIC Training- Dam Safety Principles

- an Australian higher education provider (see Table A, B, C of the Higher Education Support Act 2003)⁷
- higher educational institutions that are officially accredited or recognised higher education institutions (HEIs) as per International Association of Universities⁸;
- approved regional/South Asian higher education institute; or Universities with global accreditations-accredited by Association to Advance Collegiate Schools of Business (AACSB)⁹;
- Vocational educational and training institutes/organisations/consulting firms registered under the respective countries land laws or government mandate

3.2. Lodgement Of Tenders

- 3.2.1 It is the responsibility of the Tenderer to ensure that the documentation via email is received at Palladium by the closing date and time prescribed in this RFT. A Tender lodged after the closing date and time is a late submission.
- 3.2.2 A late submission will normally not be considered unless it can be demonstrated by the Tenderer that without force majeure, the documentation would have arrived at the tender point by the required date and time as prescribed in this RFT. Palladium may allow a late Tender to be assessed at its absolute discretion.
- 3.2.3 Palladium will not consider or entertain any queries about a decision to assess or reject a late Tender.
- 3.2.4 Tenders are to be in English.

3.3. Conforming Tender

- 3.3.1 The Tenderer must submit as part of the RFT process a Technical Proposal and Financial Proposal that meets the criteria as outlined in Part 1A.
- 3.3.2 The Tender is to be endorsed in the form of a Tender Form as outlined in Part 1B, with confirmation that the Tenderer has allowed in its Tender for the requirements contained in all Addenda issued to Tenderers. Each Addendum to be identified by its number and date of issue in the Tender Form.
- 3.3.3 If the Tenderer is a firm, it is to provide:
 - a. the name and address of the Authorised Executive Representative
 - b. the name of the company or corporation, the address of the registered office and the ABN /CIN/ PAN/ GST/Equivalent.

3.4. Assessment

- 3.4.1 Tenders must comply with the requirements in this RFT. Failure to include all required information may result in rejection of the Tender by Palladium, based on non-compliance.
- 3.4.2 The Technical Proposal must:
 - c. indicate the Tenderer's nominated contact person on the front page
 - d. be in a type font of no less than 12 points
 - e. be in a single column format and be 16 A4 pages or less in length plus Annexures
- 3.4.3 Palladium's selection process is conducted on a commercial-in-confidence basis in accordance with Commonwealth Government and DFAT Procurement Guidelines. It will assess through a Technical Assessment Panel 'TAP' the merit of the Technical Proposal submitted to ensure that it meets its requirements as set out in this RFT. The TAP will also assess the Tender having regards to the Selection Criteria as contained in Part 1A.
- 3.4.4 It is Palladium SARIC TNS policy not to reveal the names of TAP members in view of confidentiality of the TAP's proceedings and TAP members participate on that basis. TAP members are required not to contact or to discuss deliberations of the TAP with third parties.

⁷ http://classic.austlii.edu.au/au/legis/cth/consol_act/hesa2003271/index.html

⁸ <https://www.iau-aiu.net/>

⁹ <https://www.aacsb.edu/members>

SARIC Training- Dam Safety Principles

- 3.4.5 Palladium shall not be bound by any oral advice given or information furnished but shall be bound only by written advice or information.
- 3.4.6 Palladium reserves the right, in its sole and absolute discretion, to:
- i. require any proposed members of personnel to be available to be interviewed by the TAP or Palladium authorised personnel to assess their capability, commitment and understanding of the activity
 - ii. reject any proposed team members in any Tender
 - iii. require the Tenderer to propose another team member of appropriate experience and expertise in the team member's place if any proposed team members are rejected
 - iv. consider in assessing Tenders, past performance of the Tenderer and proposed personnel members:
 - a) as a contractor, consultant, or subcontractor on previous projects
 - b) as an associate of a contractor, consultant, or subcontractor or as a joint venture partner on previous projects, and
 - v. seek reference from third parties in respect of the Tenderer's previous projects or contracts and to take these references into account in the Tender assessment.

3.5. Acceptance

- 3.5.1 The Successful Tenderer will be notified in writing of the acceptance of its Tender which will include the formal instrument of agreement and the contract documents.
- 3.5.2 The Successful Tenderer must execute and return to Palladium the format instrument of agreement and the contract documents within seven (7) days of its receipt from Palladium.
- 3.5.3 Tenderers may be required to provide certification to Palladium that it has satisfactory financial management and control systems with the capability to administer any claim for payment, reimbursement, or expenditure acquittal.
- 3.5.4 Palladium may reject a Tenderer and consider others, in circumstances where, upon accepting a Tender and during the contract negotiation / finalisation period:
- i. key members of the proposed team are withdrawn or substituted or
 - ii. the preferred Tenderer and Palladium fail to agree on modifications or later alterations to the scope of the Tender to meet Palladium specific requirements.
- 3.5.5 Palladium is not bound or required to accept any Tender.

3.6. Further Requirements

- 3.6.1 If intending to lodge a Tender based on a joint venture, the Tenderer must include detailed information on the proposed joint venture and the manner in which it will meet the selection criteria.

3.7. Competitive Neutrality

- 3.7.1 Competitive neutrality requires that government business activities do not have net competitive advantages over their private sector competitors simply as a result of their public ownership. Publicly owned Tenderers are required to formally declare that their bid complies with competitive neutrality principles. These principles include:
- i. the activity's full costs like depreciation and costs of capital
 - ii. any in-house activity does not enjoy regulatory advantages
 - iii. actual, or equivalent, taxation arrangements are put in place, and
 - iv. there is an appropriate rate of return.

More information on the application of competitive neutrality can be found at the following internet web site at <http://www.dofa.gov.au> and <http://treasury.gov.au>.

3.8. Enquiries

All enquiries must be directed to the following email address in writing:
procurement.saric@thepalladiumgroup.com

SARIC Training- Dam Safety Principles

Thank you for your interest in this Tender. We look forward to a rewarding and successful working relationship with you.

4. Part 3- The Services

4.1. Background

The Australian Government's aid program reflects Australia's values, and commitment to reducing poverty and lifting living standards through sustainable economic growth. The SARIC aid program has a strong focus on infrastructure (transport and energy) regional integration within South Asia- Bangladesh, Bhutan, India, Maldives, Nepal, and Sri Lanka.

The South Asia Region (SAR) is home to 25 percent of the world's population but only 4 percent of global GDP. Two major constraints to economic growth in the region are:

a) Low regional integration: Regional trade accounts for only 5 percent of the region's overall trade (the corresponding figures are 50% for East Asia and the Pacific and 22% for Sub-Saharan Africa). Many South Asian countries trade on better terms with distant economies than with their own neighbours. The costs of trade are disproportionately high within South Asia compared with other regional trade blocks. Given their proximity and the size of their economies, the countries of South Asia should be trading among themselves at three times the current levels (2018).

b) A substantial infrastructure gap: Institutional and internal incentives favour planning of infrastructure investments at the domestic rather than the regional level. To unlock the potential for economic growth, it is estimated that the region would need to spend nearly nine percent of GDP, or an average of more than US\$400 billion per year, in the years to 2030, to bring infrastructure to a level that would support sustainable growth and take account of the threats from climate change.

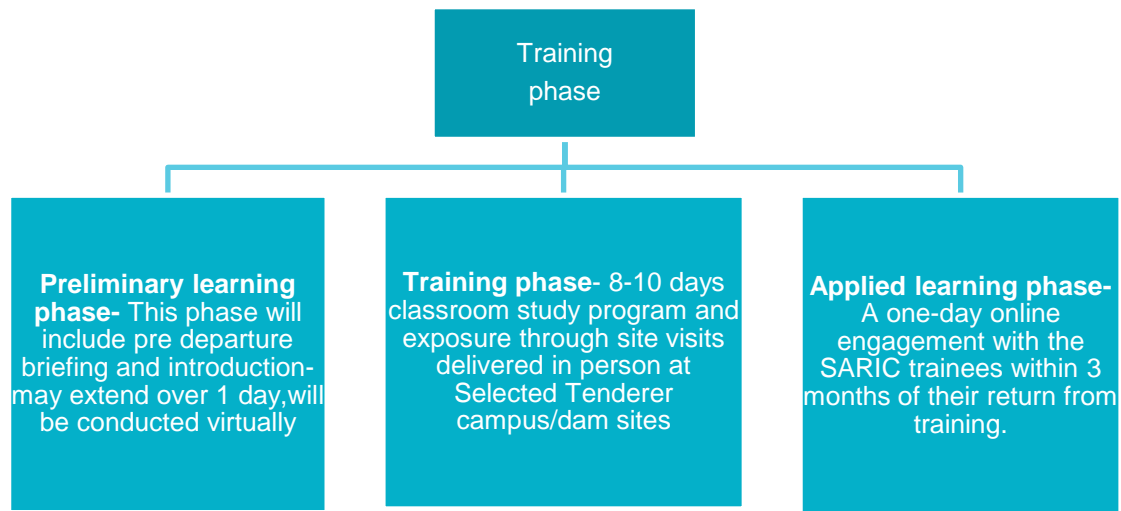

Enhancing regional connectivity through energy and transport investments brings together these two constraints to growth. Such investments could have a significant role in lowering the cost of business, increasing productivity, and reducing dependence on imports of hydrocarbons, and therefore balance of payments stresses. SARIC aims to deepen economic linkages and support regional prosperity and inclusive growth by enabling more, better-quality and socially inclusive connectivity infrastructure in South Asia, with a focus on the energy and transport sectors. To achieve the same, SARIC has the following components:

- The identification of a pipeline of transport and energy projects that connect the economies of the South Asia region, to be financed by an appropriate mix of public and private financing. This component is being anchored by the World Bank and the International Finance Corporation (IFC) and runs until 2024.
- The provision of short course training and networking component for individuals in two streams and is the subject of this RFT:
 - Individuals from the public and private sector directly involved in the preparation and/or eventual delivery of the projects identified by the World Bank and IFC under (a) above; and
 - Senior decision makers in the infrastructure sector, covering private and public sector officials, academics, and senior civil society members.

4.2. Scope of Services

4.2.1 Course development and delivery

The Selected Tenderer will develop and deliver the short course 'Dam Safety Principles'. Selected Tenderer will further ensure that GEDSI will be suitably embedded throughout the delivery of the course including online, classroom, site visits and SARIC in Workplace plan. The course may be delivered in the below phases:

Suggested course content is provided below:

Topics/ areas	Expected Learning Outcomes
General	
<ul style="list-style-type: none"> - Dam Safety risk – when it goes wrong, case studies - Legal, policy and regulatory frameworks in each country and for supported programs and projects, introduce “as low as reasonably practicable” - ALARP – principle, ICOLD approach, Hydropower Sustainability Standard - Promoting Quality, Resilient and Sustainable Infrastructure Development (G20 principles) - Institutional and Organisational capabilities required to maintain appropriate Dam safety programs 	<ul style="list-style-type: none"> • At the end of the program, participants will be able to: Apply and demonstrate enhancement in knowledge and application aspects of Dam Safety • Understand the nuances of legal, policy and regulatory frameworks with respect to Dam Safety projects and apply the understanding of best practices in real / simulated work situations • Understand GEDSI aspects and apply them in real project situations. Develop a GEDSI positive mindset to apply learning of international best practices in their respective projects • Understand the global best practices of ESG and techniques to apply the same in projects in their respective home countries • Apply effective risk monitoring and operations system- consistent with ALARP principle • Apply strong internal and external reporting mechanism • Recall the international best practices and their application in the most appropriate environment. • Understand the existing and emerging interlinkages between Environment and Dam Safety aspects to inform and guide the better design and implementation of Dam
Dam Safety over project lifecycle	
<p>Design and Construction</p> <ul style="list-style-type: none"> - Initial assessment of upstream, downstream, social, geological, climactic and design considerations to form a view of risks to be managed, particularly from overtopping, foundation weaknesses and piping - Potential project and dam design solutions or constraints - Implementation of frameworks 	
<p>ESG</p> <ul style="list-style-type: none"> - Evaluation of downstream social and economic risks, engagement and communication - Emergency plans to protect downstream communities prior to first fill - Risk of non-consideration/non-compliance 	
<p>Risk monitoring, Others</p> <ul style="list-style-type: none"> - Comprehensive evaluation of risks and societal impacts, including for climactic changes, unknown seismic risks, budgetary pressures and downstream population changes - Ongoing operations and Maintenance Condition monitoring, Regular maintenance, Periodic Risk re-evaluation and review of emergency plans, Planned intervention and upgrades in light of condition monitoring and risk re-evaluation consistent with ALARP principle - Internal and External reporting of dam safety program and compliance, including regular external assurance process - Planning for decommissioning at end of project life <p>Environment & Dam Safety</p> <ul style="list-style-type: none"> - Emerging issues from Climate Change and implications for Dam – Design, Planning and Maintenance - Case studies – Climate induced disasters, Balancing renewable energy needs with vulnerability of project locations (projects in fragile mountain locations) 	

****The above is only an indicative list and the Tenderer may further develop this as appropriate to the training outcomes.***

GEDSI Content

It is essential that a GEDSI lens is applied to all topics where relevant, as the lack of a GEDSI perspective may distort the understanding of the actual situation for different categories of stakeholders affected by the projects. This could lead to project designs which are not compatible with on the ground realities and affect individuals and communities adversely. Although the courses offered will be on a range of topics and GEDSI lens will be applied across the board, a specific module on GEDSI may be included. This module will contain some or all the following elements which may be adapted selectively to the various courses offered:

- a. National level institutional arrangements and mechanisms to address GEDSI
- b. National level policies and strategies
- c. International commitments, e.g. CEDAW, SDGs, CRPD
- d. An analysis of key GEDSI issues for the SARIC countries
- e. DFAT, WB and IFC guidelines on GEDSI
- f. Project information – project scope, GEDSI concerns, design features, activities and operational modalities, targets and indicators
- g. GEDSI implications for different project modalities, e.g., GEDSI in PPP
- h. Design mechanisms and tools for GEDSI analysis in project conceptualisation and preparation

4.2.2 Site visits

The Selected Tenderer will be expected to plan for site visits suitable to the course structure and expected outcomes.

4.2.3 Online orientation

Some suggested topics to be provided during the online orientation are given below-

Support Services	Potential topics to be covered
Arriving and living in delivery location	Climate, local transport, food / shopping, accommodation, arrival / departure arrangements
Learning Support	Expectation setting, University learning system, outline of course, access to library if any
Health and safety	Medical cover, access to healthcare, what to do in an emergency, personal and property safety
Legal	Understanding of local laws, any other relevant laws
Culture and religion	Cultural social norms, communication norms, religious practises, holidays, and access to religious facilities, local public holidays observed

4.2.4 Networking event

Selected Tenderer will arrange for a networking event for the cohort of participants of the course in Australia. The networking event will be used as a platform for the course participants to build their network in Australia. Selected Tenderer will organize and manage the networking event to mark the closure of the course in Australia. Selected Tenderer will arrange for the representation of a wide variety of organisations and institutes engaged in Dam Safety and Hydropower in Australia. DFAT and Palladium officials may potentially join the event.

4.2.5 SARIC in Workplace (SiW) Plan

Selected Tenderer will implement the SiW Plan as a key component of the learning model. Selected Tenderer will ensure that the SiW Plan will be tailored to best meet the participant's needs and circumstances and to facilitate the application and alignment aspects of the overall learning framework. SiW Plan will utilise the knowledge and skills learnt during the course and provide the support needed to assist the participants to maximise their application-oriented learnings in workplace

4.2.6 Pastoral care

Apart from developing course designs and delivering training, the Selected Tenderer will be required to provide the pastoral care services listed below to ensure a smooth learning experience for the participants:

SARIC Training- Dam Safety Principles

- Accommodation

For this short training, Selected Tenderer will arrange accommodation in comfortable apartments/rooms/flats. The accommodation may be shared by participants of the same gender and contain all the amenities required for making their own meals. Each participant will have their own separate bedrooms if it is a shared accommodation. The accommodation should be located within short walking distance to shopping centres, coffee shops and takeaway outlets. All the information required to identify bus stop, bus routes and how to pay for public transport will be provided by Selected Tenderer in the pre -departure / arrival briefing. On the first day of the training, the Welfare Officer or the Course Coordinator will travel with the participants from the place of accommodation to the delivery location to show the process. When public transport is unavailable or inefficient, taxis will be arranged by the Selected Tenderer for the participants.

- Airport (Travel to/from course location)

Arrival information will be provided to the participants during the pre-engagement activities. One of the reasons for holding synchronous online activities as part of pre-engagement is to make introductions between the Selected Tenderer and the participants and provide the arrival information. The Course coordinator and/ or Welfare Officer will be present at the closest airport to welcome the participants and take them to the place of accommodation via pre-arranged coaches. Private bus or van will be arranged for travel to the closest airport at the end of the training period.

- Course related travel

For all the site visits, recreational activities and any other location that is part of the training, the participants will be provided transport and accompanied by the Selected Tenderer team. If inter-state travel occurs, the flight bookings are carried out by Selected Tenderer, and the participants will be informed of departure and arrival times in advance. The Course Coordinator will travel to these locations with the participants.

- Catering

- On a regular training day, morning and afternoon tea will be arranged by the Selected Tenderer team
- Participants may buy their own lunch from the outlets within the campus or bring their own cooked lunch.
- If there is any special event or networking session held around lunch time, lunch will be catered by Selected Tenderer.
- Arranging catering will consider the following factors. These requirements will be collected via needs assessment during pre-engagement activities

- religious and cultural requirements: for instance, Halal food, no beef or pork
- allergies

- Welfare Officer

The Selected Tenderer will provide a dedicated welfare officer/team available for the duration of the participants' entire course engagement. A welfare officer is available 24/7 for any emergencies and should preferably reside at the same location of the participants. The welfare officer should be familiar with the culture, and perhaps a person of same nationality of the participants (but currently living in Australia). Institutional Welfare Contacts to be added by the Selected Tenderer

4.2.7 Public diplomacy

The Selected Tenderer, during the delivery of the course, will focus on strengthening Australia's influence, reputation, and relationships internationally. Selected Tenderer is expected to take into consideration the Short Course objectives, to strengthen existing partnerships and create new connections between the participants organisations and Australian education or training provider for our mutual interests. All communications shall be targeted to present the inspiring vision of Australia's international policy agenda that reflects the national interests and improves domestic understanding of the Department of Foreign Affairs and Trade role. The events and activities inter-alia, will provide opportunities to communicate the objectives as follows:

- social media and other regional media coverage of participant activities
- indigenous cultural activities for participants to enjoy while in Australia if possible

SARIC Training- Dam Safety Principles

- if the visit to Australia coincides with any Australian festivals or holidays, Selected Tenderer may organise events for the participants to celebrate.

Media Coverage of the course

The Selected Tenderer may highlight their approach to social media, media releases, PowerPoint briefing for recipients, photography and videos. Any media/external communication will require an approval from Palladium prior to release.

4.3. Responsibilities of the Subcontractor

4.3.1 Implementation Responsibilities: The Selected Tenderer will undertake the following services

- 4.3.1.1 Design and deliver a flexible program of teaching, learning and site visits in accordance with the approved Course Plan, recipient profiles and ongoing discussions with Palladium. The course could be conducted in a blended model as a combination of sessions held online, classroom sessions in Australia and site visits
- 4.3.1.2 Ensure that participants who successfully complete the training are provided with certificates after the completion criteria set by Selected Tenderer
- 4.3.1.3 Submit the course budget as prepared during the RFT stage to Palladium for records
- 4.3.1.4 Pre-course participant assessments (learning needs assessment and other participant profile related data) will be undertaken. The content and timing of pre-course assessments will be discussed with Palladium
- 4.3.1.5 Develop a detailed course session plan in English
- 4.3.1.6 Develop a communications plan and social media plan and submit to Palladium for approval
- 4.3.1.7 Prepare necessary course documents as required
- 4.3.1.8 Employ and manage key personnel required to perform contract services as outlined in the response to RFT shared by the Selected Tenderer. This includes the Course Leader, Facilitators, Coordinator and the welfare team
- 4.3.1.9 Identify and sub-contract suitable experts, guest lecturers, site visit organisations, etc. to ensure a varied and contextualised learning experience. The list of these shall be shared with Palladium well in advance of the start of the program
- 4.3.1.10 Provide support for the participation of DFAT personnel if requested
- 4.3.1.11 Conduct the training course for up to 15 recipients selected through a transparent process managed by Palladium and approved by the DFAT
- 4.3.1.12 Manage delivery of the agreed teaching and learning program, including supervision of support and academic staff, maintaining flexibility of arrangements and adjusting content as new needs and issues emerge. Within the allowable budget, arrange for the translation of key documents if required
- 4.3.1.13 The Subcontractor is responsible for providing advice to recipients on administrative, logistical, health and welfare matters affecting them during their stay in Australia and working with the recipients and any other relevant agencies to resolve issues and problems as they arise. Where necessary, this may also include arranging professional counselling. The Subcontractor is required to use its best judgement in response to any situation. The Subcontractor will be fully responsible for any action taken
- 4.3.1.14 Advise Palladium immediately in any eventuality where the Subcontractor becomes aware that a recipient ceases to attend training sessions, leaves the group, expresses an intention to not return home, or shows signs of intending to not return home
- 4.3.1.15 Provide adequate administrative and logistical support to recipients including accommodation and catering during course hours. This includes making reasonable adjustments and accommodations to allow recipients with a disability to participate in the short course, as may be specified during the implementation of the programme. Advice may be sought from the Subcontractors' Disability Advisor if deemed necessary
- 4.3.1.16 Provide information and render assistance and support as appropriate in the event of any adverse events, illness or death during the course.
- 4.3.1.17 Administer and pay recipient allowances in Australia. Make any other relevant payments as directed by Palladium in the amount specified.
- 4.3.1.18 Make all arrangements for training venues, travel and accommodation in Australia within the approved budget amounts. Make all arrangements and payments for the training venue, welcome and farewell functions, and networking event as applicable.
- 4.3.1.19 Arrange for suitable social and recreational activities and excursions for the recipients in Australia, within the approved budget amounts. One social activity in Australia may include Aboriginal content from appropriately authorised people.

SARIC Training- Dam Safety Principles

4.3.1.20 The SARIC brand must take precedence over subcontractor branding for all communications.

4.3.1.21 Not issue or release any media statements, photographs, articles, newsletter items or website content without the express written permission of Palladium. This includes not assisting any media representative to interview any of the recipients or to publish an account relating to the course or any of the recipients. All photographs taken by the subcontractor during the course will be subject to consent policies and review by Palladium.

4.3.1.22 Strategically manage components of the course through effective coordination, consultation and liaison with Palladium and as directed, DFAT or other relevant stakeholders.

4.3.1.23 Comply with the provisions and rates as submitted in the proposal.

4.3.1.24 Not contact DFAT Post, DFAT Canberra government officials for any matter related to this short course without first requesting the approval of the Palladium team. The SARIC team leader/ Palladium representative must be present in key meetings related to this short course and Selected Tenderer staff and sub-contractors.

4.3.1.25 Develop materials suitable for facilitating online delivery, led by the course leader. Materials will be supplemented by a course manual and a selection of pre course readings. The course manual may be translated depending on results from the pre-course learning needs analysis.

4.3.1.26 Revise the SARIC in Workplace (SiW) plan, if necessary, and engage with recipients to provide support with the initial development of individual SARIC in Workplace.

4.3.1.27 The cohort may be encouraged to participate in 'SARIC in Workplace' workshop. This online workshop will be a short refresher, will understand the institutionalisation of SARIC course learnings and tool for collecting feedback from course participants. This online one day event will be managed jointly by the Selected Tenderer and Palladium.

4.3.1.28 Develop complete and detailed course content and course materials.

4.3.1.29 Develop pre-departure materials and briefing content for induction.

4.3.1.30 A welcome to country should be conducted for recipients at the beginning of the classroom component. The welcome to country could be delivered by appropriately authorised Aboriginal people.

4.3.1.31 Ensure recipients are adequately prepared for the combined training and workshop activity and that they have all the required information on venue and arrival arrangements. Develop and conduct an orientation program for recipients on arrival in Australia.

4.3.1.32 Cooperate fully with Palladium staff involved in the review, monitoring and evaluation of the activity, including allocating reasonable time within the program to provide access to recipients for monitoring and review purposes.

- Monitoring and Evaluation (M&E) - At the end of classroom component, administer an online survey of recipients which assesses their experience, learnings and feedback from the course in line with the SARIC TNS MEL Plan. For this purpose, Palladium will supply a questionnaire that aligns with our M&E requirements. The Selected Tenderer will deploy the questionnaire (and follow up with participants, as necessary) and submit clean/compiled dataset that contains the survey responses. SARIC team may or may not conduct a survey independently to the subcontractor. A summary of responses as well as the full dataset of survey responses should be incorporated into the Course Completion Report and individual participant surveys are to be submitted to Palladium. Surveys will be administered and reported on in accordance with the guidelines specified in the Australian Nationally registered Vocational Education and Training material.
- At the conclusion of the program, prepare a course completion report (including coverage of site visits) of no more than fifteen (15) pages in length (plus annexures). The report is to be submitted within four weeks of course completion and provided in electronic format. The completion report is to be accompanied by electronic copies of all SARIC in Workplace plans of participants. Media releases and associated social media posts are to be compiled as part of an Annex. All course materials (including translated versions) are to be presented within appropriately labelled sub-directories, include a compilation of photographs, and be submitted electronically with the report

SARIC Training- Dam Safety Principles

4.3.1.33 Subcontractor will prepare invitation letters for the participants for VISA application.

4.3.1.34 Subcontractor will implement the training as per the timelines proposed in the RFT

4.3.1.35 Subcontractor will arrange health insurance coverage for all participants during their stay in Australia

4.4. Subcontractor Deliverables

The subcontractor is required to adhere to required deliverables set out in the milestone:

Required deliverables
Visa Letters to the course participants
Online orientation of participants
Detailed course session plan
Training and networking event in Australia
Course Completion Report and Financial Report
One day online post completion session- SARIC in Workplace (Siw)

Course Completion Report template

The following guidelines provide the minimum details required to comply with the milestone reporting requirements of the SARIC training. Reports should incorporate sufficient information to allow DFAT and Palladium to monitor and assess the outcomes of the Award activities. The reports should demonstrate an understanding of flexibility in developing responses to identified issues as they arise, and ways of engaging productively with stakeholders. Reports may be reasonably revised by Palladium from time to time. **In addition to below, monitoring / impact assessment templates may be provided by the Palladium team, which will be discussed and shared closer to the start of the training program.**

Course Completion Report (CCR) to include the following:

(To be submitted no later than after 2 months of the training completion, not more than 15 pages)

- **Course Outputs**
 - Detail the number of Course participants and the submission status of SiW
 - Details of participants who did not satisfy assessment requirements or complete the course and the reasons for this
 - Details of the recognition awarded (or to be awarded) if relevant
 - Details of any critical incidents
- **Summarise course delivery, and briefly evaluate this by summarising better than expected, unsuccessful or unexpected outcomes arising from:**
 - Course methodology and content
 - Logistics
- **Guest lecturers** (please provide a summary of guest lecturers in the following table. Pen portraits of guest lecturers, if provided, should be annexed):

Country	Lecturer Name	Organisation	Lecture topic/focus

- **Summary of key findings from the survey deployed** (to be provided by Palladium). This is in addition to the submission of clean dataset containing all individual survey responses. [Refer Clause 4.2.1.32]
- **Public Diplomacy and media leverage** (please reflect on specific events/opportunities in the following table):

Event/ Media Opportunity	Notable delegates in attendance	Summary of discussions and intended outcomes	Where was the story reported (if applicable)?

- **Innovations applied** (please reflect on those aspects of delivery that are innovative, have not been previously applied, and describe the improvement that has resulted from it. Ideas for future innovation may also be discussed)
- **Lessons learned** (Please use the following categories to detail lessons learnt and describe how these lessons will be used to improve the course delivery in future). Lessons learnt can pertain to following areas
 - Course delivery methodology (including content)
 - Logistics
 - Field trips
 - Guest lecturers
 - SiW Plans
 - Public Diplomacy and media leverage
 - Others
- **As a result of networking engagement (if any), where possible provide examples of:** Immediate outcomes of the networking on the participant's professional life, and their workplaces. Cite specific examples of change (please provide a reflective summary)
- **Narrative summary:** This section should capture the crux of the report and should include the key outcomes, challenges and learnings from the program.
- **Photos** (May be provided as an annexure)- Where possible, photos from course activities or participant networking activities should be forwarded to Palladium. Original files (vector or JPEG) are preferable. Due to files sizes, photos can be posted on CDs or USBs, or send via Dropbox to staff in New Delhi office. Photos should be labelled in a manner to allow for identification of the occasion.

Financial Report

The Selected Tenderer will be required to submit a financial report along with course completion report. Any difference between the projected and the actual reimbursable cost maybe highlighted.

4.5 Penalty

- 4.5.1 In case the subcontractor changes the agreed timeline (without approval and notice to Palladium), Palladium will have the right to recover the costs incurred on logistics for mobilising the participants for training.
- 4.5.2 In addition to the above clause 4.5.1, Palladium also holds the right to seek a refund of the payment released during milestone 1 and milestone 2 if the subcontractor fails to execute the program as per the agreed timelines.
- 4.5.3 In case of any failure to deliver the reporting requirements as per the agreed timelines, Palladium has the right to withhold the release of milestone-based payments.
- 4.5.4 If it is found that the delivery was not satisfactory and did not meet the agreed deliverables, Palladium has the right to hold a joint review with Selected Tenderer to decide on the financial and non-financial implications. Subcontractor will be expected to support the review meeting with fact sheets, documents and survey responses as required by Palladium.
- 4.5.5 The above clauses (4.5.1, 4.5.2 and 4.5.3) will not be applicable in case of force majeure (for example, natural disaster, act of war or terrorism, riot, labor condition, governmental action, and global disturbances)

4.6 Responsibilities of the Company (Palladium)

- 4.6.1 Palladium will provide the list of participants and book their flight tickets
- 4.6.2 Palladium shall support the subcontractor with templates for monitoring and evaluation component

SARIC Training- Dam Safety Principles

- 4.6.3** Palladium shall provide communication guidelines to the subcontractor for branding and external communication purposes
- 4.6.4** Palladium will ensure that any communication from DFAT that affects the subcontractor, or the implementation of this training is timely communicated to the subcontractor

4 Part 4- Annexures

Annex 1: Detailed Course Outline

(a) Design the activity to enable the achievement of the expected learning outcomes. Consideration should be given to proposed topics to be covered during the course, and how the Tenderer intends to facilitate participant learning through classroom and site visit-based sessions with well-informed presenters, interactive exercises, discussions, smaller group sessions, use of case studies and application of adult learning principles. Below pointers could be highlighted in response:

- **Pre- Course Engagement Mechanisms**
Methods used to engage participants to determine their batch profile, set expectations to deliver the course successfully
- **Course contents**
Brief description on what the course is going to cover, Teaching pedagogy and How will the course address the learning outcomes
- **Networking event**
Format and impact of the networking event organised by the Tenderer
- **Course duration**
Up to a maximum 11 days as per the point 4.2.1 under 'Part 3- The Services'.
- **Course participants**
15 participants (with a provision for accommodating additional five participants if required).
- **South Asian context**
Describe the nature of any new or existing partnerships with South Asia institutions and/or experience of conducting similar trainings in the South Asian region.
- **GEDSI and ESG**
Describe how ESG and GEDSI will be made a core component during the training delivering and in the course content
- **Topic wise plan**
Please outline topics and learning objectives planned to be covered. Tenderers are encouraged to share an indicative day wise plan.

Topics covered	Learning objectives covered

- **Site visits**
Include a list of proposed site visits and rationale

(b) Incorporate national and/or international guest speakers of relevance into the activity

- Indicative guest speakers if any for delivery of specialised technical topics - please provide a pen profile of proposed speakers invited for specific sessions

(c) Monitor and evaluate progress towards, and achievement of, individual participant learning outcomes, as well as the overall progress and success of the activity against its outcomes and objectives

- **Course assessment**
Details on assessment and qualification expectations
Initial and final knowledge test to assess learning for evaluation purposes
Any recognition, digital badges, accreditations, or pathways that will be offered as a result of the course

(d) Identify key risks and/or challenges in the design and delivery of the activity and how those will be managed

Annex 2: Curricula Vitae for up to five Team Members

CVs for each proposed team member, up to a maximum of five CVs of no more than three A4 pages per CV. CVs must be submitted as per the below template:

SARIC Training- Dam Safety Principles

Nominated Position Title	Insert Position Title
Name	Insert Name Surname
Current Country of Residence	Insert Country
Relevant Employment History	Position Title Organisation Name Period of Employment
Academic Qualifications	Academic qualification Educational Institution Year obtained
Languages known	Insert language
Relevant Professional Qualifications	Insert as required
Applicant Name and Date	_____ Applicant Name and Date

- CVs must be signed and dated by the proposed team member and must include the following certification:
“I, **[insert name]**, declare that:
 - (a) The information provided in this CV is accurate and hereby authorise Palladium to make whatsoever inquiries it may consider reasonable and necessary to undertake during the Tender assessment in relation to the information I have provided in this CV or any other matter which may relate to my suitability for the position for which I have been nominated; and
 - (b) I am available to participate in The Project in the role in which I have been nominated in the tender for the period or periods indicated in the Tender”.
- Tenderers are reminded of their duty to ensure that all personnel nominated are available to commence duties as required in the Tender documents.
- Tenderers must nominate at least two referees (for each CV) who can provide an objective assessment of the quality of relevant and recent work performed by the proposed team /team member.
- Tenderers must ensure that nominated referees do not have an actual or potential conflict of interest when acting as a referee. Tenderers must ensure that referees:
 - (a) are not an employee of, or the holder of a current executive office (or similar position) within the organisation of, or do not have a business in association with, the Tenderer or a subsidiary organisation of the Tenderer
 - (b) are not included in the Tender as proposed team members, and
 - (c) are not Palladium or DFAT employees currently involved in the delivery of the SARIC training program.
- Tenderers must ensure that nominated referees:
 - (a) are available to be contacted during the evaluation period and
 - (b) are able to provide comments in English.
- Palladium reserves the right to check with nominated referees and with other persons as Palladium chooses, the accuracy of the information and quality of work performed.

In making its final assessment, the TAP or Palladium may have regard to other factors relevant to the suitability, capacity and qualifications of a Tenderer including but not limited to:

- (a) the Tenderer's ability to comply with the Contract Conditions
- (b) the Tenderer's past performance on any non-DFAT project or activity

SARIC Training- Dam Safety Principles

- (c) the past performance of the Personnel nominated by the Tenderer on any previous DFAT or non-DFAT project or activity
- (d) information obtained from any source which is relevant to the capacity of the Tenderer to perform the Contract and achieve the Project goals and objectives. Such information may be the result of inquiries made by Palladium, and
- (e) the Tenderer's demonstrated understanding of the cultural environment of The Project. Factors relevant to the final assessment are not allocated any specific weighting.

Annex 3: Letters of Association and other details of proposed subcontractors for pastoral care services

The Tenderer is required to provide details of the organisations who will be subcontracted by the Tenderer for pastoral care services, where these are reasonably known at the time of Tender and who have made known their willingness to be involved with the activity, limited to a single A4 page per organisation.

Annex 4: Pastoral Care Plan Template

Pastoral Care Plan up to a maximum of three A4 pages which conforms to the format provided below:

Institutional Welfare Contacts

Contact Details	
Name and contact details of institutional contact: Name and contact details for 24/7 contact: Arrangements in place to deal with out-of-hours emergency calls: Mechanisms by which participants will be advised of these contact details:	

Accommodation
