SECTION I - FUNDING OPPORTUNITY DESCRIPTION

Program Description

Ghana is experiencing a demographic shift from a population dominated by children (0-14 years) to one increasingly represented by young people (15-35 years). This transition highlights the need for targeted policies to support the health and development of this growing demographic segment.

High adolescent fertility rates persist in Ghana, with 15% of women aged 15-19 having been pregnant. This underscores a critical need for effective family planning (FP) services and education. Young people in Ghana face numerous challenges, including limited access to sexual and reproductive health (SRH) services due to social norms, cultural beliefs, and lack of awareness.

Despite ongoing efforts, comprehensive sexuality education has not been widely implemented in schools to improve knowledge on FP, due to public backlash and policy inconsistencies. For example, although the Ghana Health Services is mandated to deliver health services in schools, it faces restrictions from the Ghana Education Services on providing FP services in schools, a policy inconsistency that is widely acknowledged.

PROPEL Health is a cooperative agreement funded by the United States Agency for International Development (USAID). It is a project designed to strengthen the implementation of national health policies, promote health governance and reinforce health financing. PROPEL Health (and previous projects) has developed the YouthCount model to generate evidence for investing in adolescent FP by demonstrating its impacts on maternal and child health, nutrition, and socioeconomic indicators.

PROPEL Health is conducting an application of the YouthCount model in Ghana, bringing together representatives of the health, FP, education, and youth sectors. Together, we will develop policy advocacy messages to promote important steps that policymakers can take to ensure FP services are available to adolescents. PROPEL Health wishes to ensure that these advocacy messages are disseminated by local organizations. The selected organization will receive financial and technical support from PROPEL Health.

Objectives

The aim of the grant is to identify opportunities for policy advocacy and utilize these opportunities to disseminate key messages. Illustrative activities may involve:

- Presenting to existing working groups or committees relating to adolescent FP or adjacent sectors such as education, youth workforce, nutrition, etc.
- Participating in advocacy events and bringing visibility to adolescent FP
- Identifying adolescent FP champions who can bring visibility to advocacy messages among decision-makers
- Institutionalizing the YouthCount modeling tool with the organization for future use.

Scope of the grant project

The selected organization will propose a plan for conducting policy advocacy activities and key stakeholders to be reached. In consultation with PROPEL Health, the organization will propose advocacy opportunities to be conducted under the grant activity.

Monitoring and Evaluation

After selection, PROPEL Health will facilitate a co-creation process with the beneficiary to define performance objectives, develop a plan to achieve them and determine appropriate measures, while establishing monitoring plans.

During the implementation of their activities, beneficiaries will report on agreed indicators following the development of individual post-award work plans. Indicators will be linked to work plan activities, and data sources and baselines will be established during the work plan co-creation phase, in partnership with PROPEL Health.

An organization may only submit one application in response to this RFA. The application should be specific, complete, and presented concisely. Grant Term.** The Grant shall take effect, after being signed by both Parties, on the Effective Date indicated on the Cover Page and extend through the Completion Date, subject to funding and unless earlier extended by the Parties or terminated in accordance with Sec. B.25, “Termination”. The Grant Term may be extended any time, or from time to time, and for any length of time, only by amendment signed by the Parties. Except as otherwise expressly provided in the Grant or subsequently approved by Palladium, all Program activities must be completed, reports and other deliverables submitted, costs to be charged hereto incurred and expended, and Grantee duties fulfilled, by the Completion Date.
- A.6. Payment.** The Payment shall be made as described in Part D.
- A.7. Authorized Geographic Code.** For purposes of Sec. B.21, “Procurement of Goods and Services”, if applicable, the authorized geographic code is **937** (the U.S., the Cooperating Country, and “developing countries” other than “advanced developing countries”, and excluding “prohibited sources” as such terms are defined in 22 CFR 228.01).

[END OF PART A, SPECIFIC CONDITIONS]

PART B
GENERAL CONDITIONS

B.1. Monitoring and Evaluation.

- (a) Palladium shall have access to the Grantee's work site and records at all reasonable times to monitor the Grantee's performance, compliance with the terms of the Grant, and progress toward achieving Grant objectives and results. The Grantee agrees to cooperate fully with such monitoring efforts, including facilitating site visits and other appropriate and reasonable measures Palladium may take using standard, widely recognized monitoring techniques.
- (b) USAID and/or Palladium may at any time require evaluations or other assessments of the Program. The Grantee shall fully cooperate with all such evaluations and assessments, including by providing such assistance and input as the evaluator(s) may reasonably request.
- (c) The Parties acknowledge the crucial role played by data in USAID performance management, its importance in helping achieve USAID's Assistance Objectives, and the reliance USAID places on it in evidence-based decision making and fulfilling the Agency's broader policies on Collaboration, Learning, and Adapting (CLA). Consistent with these imperatives, the Grantee agrees to exert its best efforts to ensure that data generated and reported in connection with the Grant and Program activities is of high quality, i.e., meets the five main standards of validity, reliability, precision, integrity and timeliness. The Grantee accepts full responsibility for meeting these standards and will reimburse any costs that Palladium may reasonably incur as a result of failing to do so. It further agrees to comply with such detailed guidelines relating to verification and other data-related methods, procedures, and other requirements as Palladium (on its own initiative or at USAID's direction) may prescribe by written notification at any time, or from time to time, during the Grant Term. Repeated, prolonged, or unexcused failure to meet the required standards or to comply with prescribed guidelines may, in appropriate cases, be treated by Palladium as noncompliance by the Grantee pursuant to Sec. B.23, "Noncompliance."

B.2. Records and Access to Records. [Reserved.]

B.3. Independent Contractor Status. Notwithstanding normal award administration processes and the provision of guidance by authorized Palladium personnel, the relationship between the Parties in carrying out the Program shall be that of an arm's length independent contractor rather than master/servant or principal/agent. The Parties do not intend to create any kind of joint venture, partnership or similar formal business relationship or association of any kind. The Grant shall not be construed to provide for the sharing of profits or losses arising out of or relating to the efforts of either or both Parties, except as may be specifically provided herein. Grantee shall have no authority, express or implied, to purport to contract for or bind Palladium in any manner or to any extent and shall make clear to all third parties with which it deals that it has no such authority.

B.4. Support. Except to the extent otherwise expressly stated in this Grant or subsequently approved by Palladium, neither USAID nor Palladium will provide facilities, equipment, logistics, security, or similar support. Grantee shall implement the Program without such support.

B.5. Personnel.

- (a) Grantee personnel shall at all times be under Grantee's sole supervision, direction and control, and shall not be deemed Palladium personnel for any purpose. Grantee is solely responsible to pay all compensation and other amounts due or to become due to such personnel in connection with the Grant and the Program, or otherwise, and for all payments, reports and other obligations pertaining to Social Security, income tax withholding, unemployment, workers compensation, employer liability insurance, and the like, whether in the US, the Cooperating Country or elsewhere, failing which Grantee shall reimburse Palladium for defense and other costs associated with any resulting claim or liability (including fines, penalties, and reasonable attorney and expert consultant fees and costs).

- (b) Changes in principal investigator, project leader, project partner, or scope of effort must receive the prior written approval of Palladium.

B.6. Coordination and Communications with Officials.

- (a) Subject to paragraphs (b) and (c) of this Section and Sec. B.7 below, Grantee shall coordinate efficiently and effectively with Palladium, USAID, Cooperating Country public and private sector entities and individuals, contractors, and other Program participants and stakeholders, as necessary to implement the Program.
- (b) To ensure that clear and proper channels of communication and authority are maintained, all communications (whether oral, written or electronic) by Grantee, its personnel and any consultants concerning any aspect of the Grant and the Program shall be made solely to Palladium and not directly to USAID or other US or Cooperating Country officials, except for communications that are necessary to perform this Grant, communications described in paragraph (c) below, and communications that are otherwise approved by Palladium. Except for communications described in paragraph (c) below, Grantee shall transmit permitted or approved direct communications with USAID, or other US or Cooperating Country officials, simultaneously to Palladium or provide Palladium with an accurate summary of each communication as soon afterwards as possible for Palladium's reference. Failure to comply fully with the requirements of this provision may be deemed by Palladium to constitute a material breach of the Grant.
- (c) Notwithstanding paragraph (b), nothing in this Grant shall prohibit or restrict the Grantee or its personnel from (1) lawfully reporting waste, fraud, or abuse to a designated investigative or law enforcement representative of a US Federal department or agency authorized to receive such information; (2) making any disclosures that are required by the terms and conditions of this Agreement; (3) making whistleblower disclosures protected by applicable law (including 41 USC § 4712); (4) fully cooperating with US government investigations, audits or reviews; and/or (5) making any other disclosures or communications that are required or protected by applicable US laws, Executive Orders, regulations or legally binding US Federal agency policies. Such communications are strongly encouraged by Palladium.

B.7. Approvals. This Sec. B.7 governs all requests for approvals required or permitted by the Grant. Grantee shall direct all approval requests to Palladium. Requests shall be made in writing, sufficiently in advance of the desired action to permit due consideration, consultation and approval, disapproval or other disposition before such action is needed. If the Grantee is unable to meet this timeframe, Palladium may in its absolute discretion approve the request prospectively or retroactively but is not required to do so. Actions taken by Grantee without prior approval are at its own risk and expense. Requests may not be directed to USAID without Palladium's consent, which may be withheld if deemed inappropriate, harmful to the Program, or without adequate basis in the Prime Cooperative Agreement. If Palladium receives a request and elects to forward it to USAID, Palladium will take reasonable steps to facilitate it. Grantee expressly, completely, and irrevocably waives and releases Palladium from any and all costs, risks, delays, damages and other liability resulting directly or indirectly from USAID delays in providing approvals, refusals, and all other USAID acts or omissions that may affect Grantee. Approval documentation must be preserved and made available as part of Grantee's records.

B.8. Ethics and Mandatory Reporting.

- (a) **Conflicts of Interest.** The Grantee must have written policies and procedures to prohibit personnel from using their positions to engage in transactions (or otherwise) for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain. The Grantee warrants that it (including its parent, subsidiary and affiliate organizations, as well as its directors or trustees (as applicable), officers, employees, other personnel, agents, subrecipients and contractors) does not have an actual, potential or apparent conflict of interest that has not been fully disclosed to Palladium in writing with all relevant information. Conflicts discovered after award shall immediately be fully disclosed by Grantee to Palladium, along with actions the Grantee has taken or proposes to take to avoid, mitigate or

neutralize the conflict(s) to the maximum extent practicable. Palladium may then take such action(s) as it deems appropriate, in its sole discretion, including terminating the Grant.

- (b) **Other Ethics and Integrity Matters.** Grantee shall ensure that Grantee and its directors, officers, employees, other personnel, agents, subrecipients and contractors at all times during the Grant Term avoid corrupt, fraudulent, or otherwise improper or unseemly practices and, to the maximum extent practicable, avoid even the appearance of or potential for any such practices. Grantee further certifies and agrees that in carrying out its Grant activities, Grantee and its directors, officers, employees, other personnel, agents, subrecipients and contractors have not and will not (1) offer, pay, promise or authorize the payment, directly or indirectly through any other person or entity, of any monies or anything of value to any governmental official or employee or any political party or candidate for political office, for the purpose of inducing or rewarding any favorable action or influencing any act or decision of such official or of any government; (2) engage in fraudulent practices such as misrepresenting facts or misleading statements to influence a financial, procurement or other action, Grant execution or administration, accounting reports or financial statements; or (3) engage in any other conduct which, if committed by a US person, would violate the US Foreign Corrupt Practices Act of 1977 (15 USC. §§ 78dd-1, et seq.), the False Claims Act (31 USC. §§ 3729-3733) or any other similar laws or regulations prohibiting bribery, fraud, and other corrupt practices.
- (c) **Mandatory Disclosures.** In addition to the disclosures required by (1) USAID Standard Provision "Mandatory Disclosures"; (2) Sec. B.13, "Trafficking in Persons"; and (3) any other provision(s) of the Grant, Grantee shall immediately notify Palladium in writing (with subsequent updates at reasonable intervals (and at Palladium's request at any time, or from time to time) as facts are discovered and remedial actions proceed) whenever Grantee has credible evidence that a principal, employee, agent, consultant, subrecipient or contractor of Grantee (1) violated US Federal law or Cooperating Country law involving fraud, conflict of interest, bribery, gratuity, or the civil False Claims Act (31 USC. §§ 3729-3733); or (2) engaged in any other irregularities or misconduct potentially affecting the Grant, including conduct proscribed by Sec. B.10(a) and (b). Notice shall include a description of the relevant facts and proposed corrective actions. Failure to promptly, accurately and fully report such matters; to respond aggressively and appropriately; or to comply with reasonable instructions from Palladium or USAID may be treated as a material breach of the Grant.
- (d) **Further Disclosure by Palladium.** Grantee acknowledges that Palladium may, in its absolute discretion, disclose to USAID or other US Government agencies or officials all or part of matters notified (or matters of similar import, whether or not reported by Grantee under this Section). Grantee hereby authorizes such disclosures and expressly, completely and irrevocably waives and releases Palladium from any claims or other liability that may arise out of or result from theme.

B.9. Whistleblower Protections. Grantee shall comply with USAID Standard Provision, "Pilot Program for Enhancement of Grantee Employee Whistleblower Protections." This includes informing its employees working under this Grant, in the predominant native language of the workforce, that they have the whistleblower rights and protections specified in the Standard Provision and 41 US Code § 4712.

B.10. Compliance with Law (General).

- (a) The Grantee must fully comply with all applicable US and Cooperating Country laws, including statutes, executive orders, regulations and other mandatory directives, policies and instructions with binding legal effect. Grantee must also obtain in a timely and effective manner and maintain throughout the Grant Term all US and Cooperating Country licenses, permits, and other approvals (including approvals pursuant to export control, foreign assets control, sanctions, anti-terrorism, money laundering, foreign policy, and other similar or related rules) necessary to implement the Program.

- (b) Notwithstanding the foregoing, Grantee is solely responsible, for all costs, risks, damages and other liability incurred by it as a result of its failure to comply with applicable law. If during implementation Grantee encounters compliance-related costs of an unusual or potentially controversial nature or amount that could not have been reasonably anticipated during negotiation of the Grant, Grantee shall notify Palladium in writing and engage in such consultations with Palladium and/or USAID as Palladium may request.

B.11. Preventing Terrorist Financing. The Grantee must not engage in transactions with, or provide resources or support to, individuals and organizations associated with terrorism, including individuals or entities on the Specially Designated Nationals and Blocked Persons List (the “SDN List”) maintained by the US Treasury Department’s Office of Foreign Assets Control (online at: <https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx>) or the United Nations Security Council consolidated list (online at: <https://www.un.org/securitycouncil/content/un-sc-consolidated-list>).

B.12. Other US Sanctions and Export Controls. No funds, goods or services provided to or acquired by the Grantee under this Grant shall be used directly or indirectly to engage in transactions that a US person would be prohibited from engaging in under (1) US economic and trade sanctions, including those administered by the US Treasury Department’s Office of Foreign Assets Control and/or (2) US export restrictions, including the US Commerce Department Bureau of Industry and Security’s Export Administration Regulations. Without limiting the generality of the foregoing, the Grantee shall not engage in, support, or otherwise facilitate any transaction in which any individual or entity appearing on the SDN List (as defined in Sec. B.11) has a direct or indirect interest of any nature whatsoever.

B.13. Trafficking in Persons. USAID Standard Provision “Trafficking in Persons,” applies to this Grant.

B.14. Safeguarding Against Exploitation, Sexual Abuse, Child Abuse, and Child Neglect. The Grantee must have and implement a set of publicly available standards, policies, or procedures to prevent, detect, address, and respond to allegations of exploration, sexual abuse, child abuse, and child neglect set forth in USAID Standard Provision “Safeguarding Against Exploitation, Sexual Abuse, Child Abuse, and Child Neglect.” If the subaward exceeds \$500,000, the sub-recipient must develop, implement, and maintain a compliance plan, a copy of which must be provided to Palladium upon request. In order to comply with the notification requirements in paragraph (d) of the provision, the sub-recipient must immediately inform the Palladium representative whenever the sub-recipient receives credible information from any source that alleges any of the listed parties have engaged in prohibited activities. The sub-recipient must insert the terms of the standard provision, including paragraph (f) in all lower-tier subawards.

B.15. Prohibition of Assistance to Drug Traffickers. If Palladium notifies the Grantee of its determination, after consulting with USAID as necessary, that the restrictions in ADS 206, “Prohibition of Assistance to Drug Traffickers” apply to the Grant, Grantee agrees (1) to execute and deliver to Palladium any “key individual” or “covered participant” certifications that may be required and (2) to take all other necessary compliance actions. Refusal or failure to comply with any of the foregoing requirements may be deemed noncompliance.

B.16. Lobbying and Political Activity. In addition to complying with the lobbying certification in Sec. G.2, the Grantee shall not (unless and only to the extent expressly authorized in the Program Description or subsequently approved by Palladium) use any Grant or Program Income funds to carry on propaganda or otherwise attempt to influence legislation, participate or intervene in a political campaign on behalf of or in opposition to any candidate for public office, cause any private inurement or improper benefit to occur, or take any other action inconsistent with US Internal Revenue Code Sec. 501(c)(3).

B.17. Taxes.

- (a) **General.** Grantee is solely liable for all taxes (including occupation, property, use, franchise, income, and value-added taxes), import duties, and other official exactions of whatever nature, whether levied in the US, the Cooperating Country, or elsewhere, arising out of or relating to Grantee, the Program, or any payments made to or received by the Grantee pursuant to, or otherwise in connection with, making or performance of the Grant. All reasonable efforts shall be

made to obtain any exemptions or refunds from Cooperating Country taxes that may be available to Grantee directly or based on exemptions or refund rights afforded to at the request of the US Government, including complying with any instructions issued by Palladium from time to time regarding procedures to invoke exemptions and/or refund rights afforded to US Government-funded contractors and recipients. Any charges to the Grant for taxes must be included in the approved price of milestones and comply with pertinent Grant requirements including the Applicable Cost Principles. If, despite the foregoing, it becomes necessary for Palladium to pay any taxes within the scope of this Section, Grantee shall immediately reimburse such payments (as well as any reasonable associated attorney and expert fees and other costs) upon request and presentation of documentation thereof, whether or not suit is filed to collect the taxes.

- (b) **Reporting Host Government Taxes.** Grantee must annually report host government taxes in accordance with USAID Standard Provision, "Reporting Host Government Taxes", if procurement of commodities under this Grants exceeds \$500 **and** such procurement is listed as milestone, except that reports shall be made by April 10 of each year, and to Palladium instead of USAID. Reports are required even if Grantee did not pay any taxes or receive any reimbursements during the reporting period.

B.18. Intellectual Property.

- (a) Grantee shall retain the rights, title and interest in Intellectual Work and other Data first acquired or produced under this Grant; provided, however, that the Grantee hereby irrevocably grants to Palladium and USAID each a royalty-free, worldwide, nonexclusive, and irrevocable right and license to use, disclose, reproduce, prepare derivative works based upon, distribute copies to the public of, perform publicly, and display publicly, any such Intellectual Work and/or Data, in any manner and for any purpose, and to have or permit others to do so.
- (b) Patentable processes or inventions conceived or first actually reduced to practice by Grantee in performance of work under this Grant shall be governed by, and Grantee shall comply with, USAID Standard Provision RAA8, "Patents Rights", which shall be interpreted and applied without regard to the adaptations described in paragraphs (3) and (5) of Sec. B.31 (a).
- (c) In addition to the foregoing, Grantee hereby affirms that it will promptly provide Palladium and USAID, upon request or as otherwise required in this Grant, with all Intellectual Work and other Data, and all rights, necessary to fulfill Palladium's obligations to USAID under the Prime Cooperative Agreement.
- (d) Grantee is solely responsible for ensuring (and by signing the Grant, represents, warrants and covenants) that Grantee's deliverables and other work products including Intellectual Work and Data will not infringe any copyright, patent, trade secret, contract, or other intellectual property, proprietary or personal rights of any person or entity, and will be free of any liens, encumbrances or other claims. In the event that the representation, warranty, and covenant is challenged and/or proves incorrect, the Grantee shall reimburse any reasonable defense or other costs that may be incurred by Palladium upon request.
- (e) Except as required in this Grant, or as otherwise directed, requested or approved by USAID, neither Party shall use the other's name, logo or marks in any form of publicity (or imply endorsement) without the other Party's prior written consent. Grantee's use of Palladium's name, logo or marks with consent shall be deemed an acknowledgement of Palladium's rights therein.
- (f) For purposes of Secs. B.18 - B.20, and B.31(a)(8), without limitation, the terms "Intellectual Work" and "Data" shall have the same meanings as in USAID Standard Provision, "Submissions to the Development Experience Clearinghouse and Data Rights".

B.19. Publications, Information/Media Products, and Marking/Branding. Publications and other information or media products (including any book, article, report, media interview, press release, public notice, lecture, public appearance, web page or blog posting) regarding the Grant or the Program must, except as otherwise approved, (1) be approved by Palladium prior to publication, (2) contain an acknowledgment of Palladium and USAID's role (with a disclaimer), and (3) be included in the milestone(s) amount. Palladium will provide Grantee with the text of the required acknowledgment and disclaimer. Grantee shall give Palladium at least two copies of each approved publication or other information/media product promptly upon publication. In addition, the Grantee must comply with USAID Standard Provision "Marking and Public Communications Under USAID-Funded Assistance".

B.20. Assignment, Contracts, and Subawards.

Grantee may not assign, transfer, contract, or further subaward in whole or in part, any of its rights or the performance of its duties under the Grant, any monies due or to become due hereunder, or any claim hereunder or relating hereto without Palladium's approval, which may be withheld in its sole discretion. Approval is not required for contracts of \$1,000 or less for the purchase of supplies, materials, equipment, or general support services. Any assignment, transfer, contract or subaward entered into in violation of this Section shall be null and void vis-a-vis Palladium, and no resulting costs may be charged to the Grant.

B.21. Procurement of Goods and Services.

- (a) Recipients must not procure real property under a Fixed Amount Award. Real property means land, including land improvements, structures and appurtenances thereto, but excludes movable machinery and equipment. Personal property is any tangible or intangible property other than real property.
- (b) Depending on the activities funded and milestones established by the Fixed Amount Award, a recipient may procure equipment or personal property in order to accomplish a milestone. ***The distinction between whether purchase of the equipment or personal property is a milestone or is one possible means by which the recipient may accomplish a milestone is important for certain aspects of the award. Unless a milestone is itself the purchase of the equipment or personal property, milestones must not list equipment or personal property a recipient may potentially purchase to accomplish the milestone, but the costs of such equipment or personal property may be included in the budget from which milestone payment amounts are estimated and negotiated.*** Regardless of whether the equipment or personal property is listed in or as a milestone, the title to the equipment or personal property vests in the recipient upon acquisition with the condition that the recipient must use the equipment or personal property for the grant as long as it is needed for such. To the maximum extent practicable, Grantee shall use its currently owned hardware, software and other standard equipment and supplies to implement Program activities rather than undertake new procurement.
- (c) If purchase of equipment or personal property is listed as a milestone, the procurement must comply with relevant requirements in the following USAID Standard Provisions: (1) "USAID Eligibility Rules for Procurement of Commodities and Services". See Part E.
- (d) Except as otherwise approved by Palladium on a case-by-case basis, for milestone procurements all goods and services purchased using Grant funds must be from countries included in the authorized geographic code specified in Sec. A.7. Without limiting the generality of the foregoing, under no circumstances may suppliers, goods or services be from any countries that are "prohibited sources" (as defined in 22 CFR § 228.01) or any countries with which transactions are otherwise prohibited by applicable US economic or trade sanctions. (See Sec. B.12, "Other US Sanctions and Export Controls".)

B.22. Conditions Interfering with Performance. The Grantee shall notify Palladium in writing within ten (10) days of the date it learns, or in the exercise of reasonable care should have learned, of the occurrence and potential effects of any conditions that interfere with or which it is reasonable to believe may interfere with successful and timely Grant performance, including problems not previously foreseen, actual or threatened

Grantee insolvency or bankruptcy, or other default or problem. The notice shall identify the condition(s), projected impact on planned Program implementation and accomplishment of results, and the steps Grantee proposes to take to try to correct or mitigate the condition(s).

- B.23. Noncompliance.** If the Grantee fails to comply with any Grant requirement, Palladium may take any one or more of the remedial measures stated in 2 CFR § 200.339, “Remedies for noncompliance”, in addition and without prejudice to other remedies available at law, in equity, or by contract, that it deems appropriate in its reasonable discretion. When practicable, written notice (including a statement of the requirement(s) involved) and opportunity to correct the noncompliance will be provided before action is taken. If it disagrees with Palladium’s handling of the apparent noncompliance, Grantee may proceed in accordance with Sec. B.28, “Disputes”.
- B.24. Suspension.** Palladium may suspend the Grant, in whole or in part, at any time or from time to time, for any of the following reasons: (1) noncompliance by Grantee with Grant requirements; (2) receipt of a suspension directive from USAID; or (3) Palladium’s written determination (a copy of which will be provided to Grantee) that such action is in the Program’s best interest. Suspension shall be effected by a written notice stating the basis, effective date, and duration of the action, unallowability of costs incurred during the suspension period (with any exceptions thereto), and any other terms and conditions deemed appropriate. Regardless of the duration specified in the notice, Palladium may terminate the Grant if a suspension continues for thirty (30) days or more.
- B.25. Termination.** Either Party may terminate the Grant in whole or in part at any time or from time to time with at least thirty (30) days’ notice prior to termination. For avoidance of doubt, termination by either Party may be for any reason, including the terminating Party’s convenience, a direction by USAID to suspend or terminate all or part of the Grant, or a decision by USAID to terminate or withhold funding for all or part of the Prime Cooperative Agreement. In the event of partial termination, Grantee shall continue to perform the unterminated portion of Program activities. Upon termination, Palladium will notify Grantee of procedures and standards for phasedown and final financial report submission. Any reimbursement of Grantee’s termination costs shall be subject to Palladium’s approval, the Applicable Cost Principles, the Obligated Ceiling, Completed Milestones and Palladium’s receipt of funds from USAID for the purpose.
- B.26. Closeout.** To facilitate timely closeout of the Grant and Prime Cooperative Agreement, Grantee shall perform all of its Grant obligations in a timely manner, within the Grant Term, and take all necessary and appropriate steps to assist Palladium in the closeout process. Closeout shall, in addition to such other steps as Palladium may reasonably request, include the following Grantee acts: submit final completion report, execute an acceptable release discharging Palladium from any liabilities, obligations and claims arising under or relating to the Grant; and receive final payment (if any) due.
- B.27. Governing Law.** The Grant, its making and performance, and all claims arising out of or relating to it (whether based on contract, tort or otherwise), shall be governed by and interpreted in accordance with the following order of precedence: (1) the provisions of the Grant, and (2) the laws in effect in the District of Columbia, USA (without giving effect to any conflict of law principles or provisions that would require the laws of another jurisdiction to apply); provided, however, that any issue pertaining to USAID Standard Provisions, USAID policies, and/or US Executive Orders, statutes or regulations shall be governed by and interpreted in accordance with substantive US Federal law rather than state law.
- B.28. Disputes.**
- (a) Subject to paragraph (d) of this provision, all disputes, controversies, or claims arising out of or relating to the Grant (the foregoing collectively called “Disputes”) shall be subject to good faith discussions between the Parties to seek an amicable, informal resolution.
 - (b) If a resolution is not reached within thirty (30) days, either Party may notify the other in writing that a Dispute exists. If there is no resolution within another thirty (30) days, either Party may file suit in a State or Federal court located in District of Columbia, USA. Failure by Grantee to file such a claim within one-hundred-and-twenty (120) days of the final date referred to in the preceding sentence (or, with respect to particular types of claims, such shorter period as may be

Prime Agreement Number: «udf_contract_number»

specified in any other Grant provision) shall constitute an irrevocable waiver thereof. An award by a court in accordance with this Section shall be final and binding on both Parties. The foregoing shall constitute the sole and exclusive procedure for the resolution of Disputes. By executing this Grant, Grantee expressly and irrevocably (1) agrees and submits to the exclusive jurisdiction of State and Federal courts located in the State of Delaware over Disputes and waives, to the fullest extent permitted by applicable law, (2) any right to invoke the jurisdiction of the courts in the Cooperating Country or any third country, any objection hereto based on lack of jurisdiction, improper venue, inconvenient forum, or any other ground, any right to trial by jury. Judgment may be entered in any court of competent jurisdiction, or application may be made to such court for judicial acceptance of the award and order for enforcement, neither of which shall be subject to contestation by Grantee.

- (c) Regardless of existence or pendency of a Dispute, unless otherwise approved or directed by Palladium, Grantee shall continue to perform its Grant obligations unless the Grant is terminated in full.
- (d) Notwithstanding the foregoing, or any other Grant provision, any act by a cognizant USAID or other U.S. Government official purporting to act with authority that binds Palladium shall also bind Grantee to the extent that it relates to or affects the Grant.

B.29. Limitations on Liability. Notwithstanding any other provision(s) of the Grant:

- (a) If a claim for damages or right to any other form of relief (whether based on contract, tort, or otherwise) should arise in connection with this Grant, the claiming Party shall take all necessary measures to mitigate the damages or loss, to the extent that this can be accomplished without unreasonable cost or inconvenience to such Party. In no event shall any such claim or relief include or permit the recovery of consequential, incidental, indirect, special, punitive or exemplary damages.
- (b) In no event shall the maximum aggregate liability of Palladium to Grantee, and to all other individuals and entities claiming for or through Grantee, arising out of or relating to the Grant (whether based on contract, tort or otherwise) exceed the lower of: (1) the Obligated Ceiling specified on the Cover Page; or (2) the total amount of funds paid by USAID to Palladium for purposes of this Grant.
- (c) Neither USAID nor Palladium shall be liable for any third-party claims for damages arising out of or relating to the Grant.

B.30. Indemnity.

- (a) In addition and without prejudice to any other Grant provision(s) requiring the Grantee to reimburse costs incurred by Palladium in specific circumstances, Grantee shall indemnify and hold Palladium (including its directors, officers, agents, employees, and other representatives) harmless from and against any and all liability, damages, losses, claims, demands, judgments, costs and expenses of every nature and kind (including costs and fees of attorneys and expert consultants) (the foregoing collectively called "claims") arising out of, incidental to, or in any way resulting from Grantee's acts or omissions, whether negligent or otherwise (including its directors, officers, agents, employees, and other representatives, as well as any contractors and subrecipients) implementing the Program. This indemnity does not extend to claims or losses caused by Palladium's sole negligence or willful misconduct.
- (b) Without limiting the generality of the foregoing, Grantee shall reimburse Palladium for any costs, risks, delays, losses, damages or other liabilities incurred by Palladium as a result of any failure by Grantee to comply fully and in a timely manner with any of the terms and conditions of this Grant, including any failure to comply with any of the requirements described in Grant provisions pertaining to ethics and integrity, compliance with law, and securing licenses, permits and other approvals.

B.31. Incorporation by Reference.

- (a) Except where the context clearly requires or indicates otherwise, USAID Standard Provisions, ADS requirements, and other USAID and US Government rules and policies that are included in this Grant and/or incorporated by reference shall be interpreted and applied to this Grant and to the Grantee with their terminology adapted as follows:
- (1) “grantee”, “recipient” and “non-Federal entity” as well as “applicant” when relevant, mean the Grantee identified on the Cover Page.
 - (2) “grant”, “award” and “Federal award” mean this Grant.

B.32. Miscellaneous.

- (a) **Entire agreement.** This Grant is the entire agreement between Palladium and Grantee pertaining to the subject matter hereof. It supersedes all prior proposals, documents, agreements, understandings, communications, negotiations and discussions, whether oral, written or electronic. No purported trade usage, custom, course of dealing or verbal statements of any kind shall bind Palladium.
- (b) **Amendments.** Except as (and only to the extent) otherwise provided in any provision(s) expressly giving Palladium a right to issue unilateral instructions, directives, or other amendments, the Grant may only be modified by a written agreement signed by both Parties. Without limiting the generality of the foregoing, a formal amendment is required to change the milestones, scope or the objectives of the Program or to revise the Total Grant Ceiling, the Obligated Ceiling, or the Completion Date.
- (c) **Waiver.** No waiver or amendment of any Grant provision or right shall be deemed to have occurred unless it is effected in a writing, specifically designated as such. Such waiver or amendment shall be strictly limited to its terms, and shall not be deemed to waive, modify, change, amend, condition or otherwise affect any other provision(s) or the future exercise of the pertinent right.

If it fails to do so, Grantee shall be bound by the interpretation deemed by Palladium, in its sole discretion, to be appropriate.
- (g) **Severability.** If any Grant provision(s) is/are determined by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions shall continue in full force and effect, and shall be construed to implement the intent of the Parties to the maximum extent practicable, as if the Grant had been executed with the invalid or unenforceable provision(s) eliminated.
- (h) **Third parties not to benefit.** Grant provisions are for the benefit of the Parties hereto and are not intended to create any rights in or on behalf of, or responsibilities of the Parties to, any other person, entity or third party, unless otherwise expressly stated.
- (i) **Rights and remedies cumulative.** The rights and remedies set forth in this Grant are not exclusive and the exercise by either Party of any right or remedy does not preclude the exercise of any other rights or remedies that may now or subsequently exist in law, in equity, by statute, or otherwise.
- (j) **Successors and assigns.** This Grant is binding upon, and inures to the benefit of, the Parties and their respective permitted successors and assigns.
- (k) **Language.** The governing language of the Grant is English. All notices, reports and other deliverables, and communications in connection with the Grant shall be in English.

BRANDING STRATEGY AND MARKING PLAN

G.1. Implementation of the Program must comply with USAID rules, policies and requirements concerning branding and marking of programs, projects, activities, public communications and commodities, including the Branding Strategy and Marking Plan included in Palladium’s Prime Cooperative Agreement (to the extent applicable to the Grant) and any supplementary instructions and guidance issued by Palladium from time to time. As a condition of receipt of this Grant, marking with the USAID Identity of a size and prominence equivalent to or greater than the recipient’s, subrecipient’s, other donor’s or third party’s is required. In the event the Grantee chooses not to require marking with its own identity or logo by the subrecipient, USAID may, at its discretion, require marking with the USAID Identity.

G.2. The Grantee will develop its own Branding Strategy and Marking Plan (BS/MP) to reflect specific Grant activities and deliverables, and submit it to Palladium for approval prior to implementation. The Grantee’s BS/MP must derive from and be consistent with the BS/MP included in the Prime Cooperative Agreement.

G.3. Prior approval by Palladium of the following Grantee-produced items is required: *[insert list or more generic, all-encompassing description – for example, “All public communications relating to or resulting from the Grant Program, including but not limited to event materials, press releases, news articles, social media posts, or other public reports which mention the project by name].* To permit adequate review, as well as consultation with USAID when necessary, Grantee shall notify Palladium in writing in accordance with the following guidelines: *[insert pertinent guidelines, coordinated with the 1st sentence, e.g. “(1) Events – basic information at least 30 days beforehand, and a copy of all materials which mention the prime project name or the Grant Program at least 2 weeks beforehand in English (and local language?) of the proposed invitation, banner or poster, and attendance list at least 2 weeks beforehand”; “(2) Press releases, articles, social media posts, reports, advisories or similar issuances – at least 10 days before proposed dissemination”; etc.]*.

G.4. Whether or not prior approval is required, Grantee agrees to provide two copies of all public communications in connection with the Program to Palladium promptly upon issuance.

[END OF PROVISION]

M2. MARKING AND PUBLIC COMMUNICATIONS UNDER USAID-FUNDED ASSISTANCE (July 2015)

- a. The USAID Identity is the official marking for USAID, comprised of the USAID logo and landmark with the tagline “from the American people,” unless amended by USAID to include additional or substitute use of a logo or seal and tagline representing a presidential initiative or other high level interagency initiative. The USAID Identity is on the USAID Web site at www.usaid.gov/branding. Recipients must use the USAID Identity, of a size and prominence equivalent to or greater than any other identity or logo displayed, to mark the following:
 - (1) Programs, projects, activities, public communications, and commodities partially or fully funded by USAID;
 - (2) Program, project, or activity sites funded by USAID, including visible infrastructure projects or other physical sites;
 - (3) Technical assistance, studies, reports, papers, publications, audio-

visual productions, public service announcements, Web sites/Internet activities, promotional, informational, media, or communications products funded by USAID;

- (4) Commodities, equipment, supplies, and other materials funded by USAID, including commodities or equipment provided under humanitarian assistance or disaster relief programs; and
 - (5) Events financed by USAID, such as training courses, conferences, seminars, exhibitions, fairs, workshops, press conferences and other public activities. If the USAID Identity cannot be displayed, the recipient is encouraged to otherwise acknowledge USAID and the support of the American people.
- b. The recipient must implement the requirements of this provision following the approved Marking Plan in the award.
 - c. The Agreement Officer may require a preproduction review of program materials and “public communications” (documents and messages intended for external distribution, including but not limited to correspondence; publications; studies; reports; audio visual productions; applications; forms; press; and promotional materials) used in connection with USAID-funded programs, projects or activities, for compliance with an approved Marking Plan.
 - d. The recipient is encouraged to give public notice of the receipt of this award and announce progress and accomplishments. The recipient must provide copies of notices or announcements to Agreement Officer’s Representative (AOR) and to USAID's Office of Legislative and Public Affairs in advance of release, as practicable. Press releases or other public notices must include a statement substantially as follows:

“The U.S. Agency for International Development administers the U.S. foreign assistance program providing economic and humanitarian assistance in more than 80 countries worldwide.”
 - e. Any “public communication,” in which the content has not been approved by USAID, must contain the following disclaimer:

“This study/report/audio/visual/other information/media product (specify) is made possible by the generous support of the American people through the United States Agency for International Development (USAID). The contents are the responsibility of [insert recipient name] and do not necessarily reflect the views of USAID or the United States Government.”

- f. The recipient must provide the USAID AOR, with two copies of all program and communications materials produced under this award.
- g. The recipient may request an exception from USAID marking requirements when USAID marking requirements would:
 - (1) Compromise the intrinsic independence or neutrality of a program or materials where independence or neutrality is an inherent aspect of the program and materials;
 - (2) Diminish the credibility of audits, reports, analyses, studies, or policy recommendations whose data or findings must be seen as independent;
 - (3) Undercut host-country government “ownership” of constitutions, laws, regulations, policies, studies, assessments, reports, publications, surveys or audits, public service announcements, or other communications;
 - (4) Impair the functionality of an item;
 - (5) Incur substantial costs or be impractical;
 - (6) Offend local cultural or social norms, or be considered inappropriate; or
 - (7) Conflict with international law.
- h. The recipient may submit a waiver request of the marking requirements of this provision or the Marking Plan, through the AOR, when USAID-required marking would pose compelling political, safety, or security concerns, or have an adverse impact in the cooperating country.
 - (1) Approved waivers “flow down” to subagreements, including subawards and contracts, unless specified otherwise. The waiver may also include the removal of USAID markings already affixed, if circumstances warrant.
 - (2) USAID determinations regarding waiver requests are subject to appeal by the recipient, by submitting a written request to reconsider the determination to the cognizant Assistant Administrator.
- i. The recipient must include the following marking provision in any subawards entered into under this award:

“As a condition of receipt of this subaward, marking with the USAID Identity of a size and prominence equivalent to or greater than the recipient’s, subrecipient’s, other donor’s, or third party’s is required. In the event the recipient chooses not to require marking with its own identity or logo by the subrecipient, USAID may, at its discretion, require marking by the subrecipient with the USAID Identity.”

[END OF PROVISION]

M3. DRUG TRAFFICKING AND DRUG-FREE WORKPLACE (JUNE 2012)

In the event the recipient or any of its employees, subrecipients, or contractors are found to have been convicted of a narcotics offense or to have been engaged in drug trafficking as defined in 22 CFR 140, USAID reserves the right to terminate this award, in whole or in part, or take any other appropriate measures including, without limitation, refund or recall of any award amount. Additionally, the recipient must make a good-faith effort to maintain a drug-free workplace and USAID reserves the right to terminate or suspend this award if the recipient materially fails to do so.

[END OF PROVISION]

M4. DEBARMENT AND SUSPENSION (JUNE 2012)

- a. The recipient must not transact or conduct business under this award with any individual or entity that has an active exclusion on the System for Award management (SAM) (www.sam.gov) unless prior approval is received from the Agreement Officer (AO). The list contains those individuals and entities that the U.S. Government has suspended or debarred based on misconduct or a determination by the U.S. Government that the person or entity cannot be trusted to safeguard U.S. Government funds. Suspended or debarred entities or individuals are excluded from receiving any new work or any additional U.S. Government funding for the duration of the exclusion period. If the recipient has any questions about listings in the system, these must be directed to the AO.
- b. The recipient must comply with Subpart C of 2 CFR Section 180, as supplemented by 2 CFR 780. USAID may disallow costs, annul or terminate the transaction, debar or suspend the recipient, or take other remedies as appropriate, if the recipient violates this provision. Although doing so is not automatic, USAID may terminate this award if a recipient or any of its principals meet any of the conditions listed in paragraph c. below. If such a situation arises, USAID will consider the totality of circumstances—including the recipient’s

response to the situation and any additional information submitted—when USAID determines its response.

- c. The recipient must notify the AO immediately upon learning that it or any of its principals, at any time prior to or during the duration of this award:
- (1) Are presently excluded or disqualified from doing business with any U.S. Government entity;
 - (2) Have been convicted or found liable within the preceding three years for committing any offense indicating a lack of business integrity or business honesty such as fraud, embezzlement, theft, forgery, bribery or lying;
 - (3) Are presently indicted for or otherwise criminally or civilly charged by any governmental entity for any of the offenses enumerated in paragraph c.(2); or
 - (4) Have had one or more U.S.-funded agreements terminated for cause or default within the preceding three years.
- d. *Principal* means—
- (1) An officer, director, owner, partner, principal investigator, or other person within a participant with management or supervisory responsibilities related to a covered transaction; or
 - (2) A consultant or other person, whether or not employed by the participant or paid with Federal funds, who—
 - (i) Is in a position to handle Federal funds;
 - (ii) Is in a position to influence or control the use of those funds; or,
 - (iii) Occupies a technical or professional position capable of substantially influencing the development or outcome of an activity required to perform the covered transaction.
- e. The recipient must include this provision in its entirety except for paragraphs c.(2)-(4) in any subagreements, including subawards or contracts, entered into under this award.

[END OF PROVISION]

M5. PREVENTING TRANSACTIONS WITH, OR THE PROVISION OF RESOURCES OR SUPPORT TO, SANCTIONED GROUPS AND

INDIVIDUALS (May 2020)

- a. In carrying out activities under this award, except as authorized by a license issued by the Office of Foreign Assets Control (OFAC) of the U.S. Department of Treasury, the recipient will not engage in transactions with, or provide resources or support to, any individual or entity that is subject to sanctions administered by OFAC or the United Nations (UN), including any individual or entity that is included on the Specially Designated Nationals and Blocked Persons List maintained by OFAC (<https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx/>) or on the UN Security Council consolidated list (<https://www.un.org/securitycouncil/content/un-sc-consolidated-list>).
- b. Any violation of the above will be grounds for unilateral termination of the agreement by USAID.
- c. The Recipient must include this provision in all subawards and contracts issued under this award.

[END OF PROVISION]

M6. TRAFFICKING IN PERSONS (April 2016)

- a. The recipient, subawardee, or contractor, at any tier, or their employees, labor recruiters, brokers or other agents, must not engage in:

 - (2) Procurement of a commercial sex act during the period of this award;
 - (3) Use of forced labor in the performance of this award;
 - (4) Acts that directly support or advance trafficking in persons, including the following acts:
 - i. Destroying, concealing, confiscating, or otherwise denying an employee access to that employee's identity or immigration documents;
 - ii. Failing to provide return transportation or pay for return transportation costs to an employee from a country outside the United States to the country from which the employee was recruited upon the end of employment if requested by the employee, unless:

- a) exempted from the requirement to provide or pay for such return transportation by USAID under this award; or
 - b) the employee is a victim of human trafficking seeking victim services or legal redress in the country of employment or a witness in a human trafficking enforcement action;
 - iii. Soliciting a person for the purpose of employment, or offering employment, by means of materially false or fraudulent pretenses, representations, or promises regarding that employment;
 - iv. Charging employees recruitment fees; or
 - v. Providing or arranging housing that fails to meet the host country housing and safety standards.
- b. In the event of a violation of section (a) of this provision, USAID is authorized to terminate this award, without penalty, and is also authorized to pursue any other remedial actions authorized as stated in section 1704(c) of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239, enacted January 2, 2013).
- c. If the estimated value of services required to be performed under the award outside the United States exceeds \$500,000, the recipient must (1) submit to the Agreement Officer (AO) the annual "Certification regarding Trafficking in Persons, Implementing Title XVII of the National Defense Authorization Act for Fiscal Year 2013" as required prior to this award, and (2) implement a compliance plan to prevent the activities described above in section (a) of this provision. The recipient must provide a copy of the compliance plan to the Agreement Officer upon request and must post the useful and relevant contents of the plan or related materials on its website (if one is maintained) and at the workplace.
- d. The recipient's compliance plan must be appropriate to the size and complexity of the award and to the nature and scope of the activities, including the number of non-United States citizens expected to be employed. The plan must include, at a minimum, the following:
- (1) An awareness program to inform employees about the trafficking related prohibitions included in this provision, the activities prohibited and the action that will be taken against the employee for violations.
 - (2) A reporting process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking, including a means to make available to all employees the Global Human Trafficking Hotline at 1-844-888-FREE and its e-mail address at help@befree.org.

- (3) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging of recruitment fees to the employee, and ensures that wages meet applicable host-country legal requirements or explains any variance.
 - (4) A housing plan, if the recipient or any subawardee intends to provide or arrange housing. The housing plan is required to meet any host-country housing and safety standards.
 - (5) Procedures for the recipient to prevent any agents or subawardee at any tier and at any dollar value from engaging in trafficking in persons activities described in section a of this provision. The recipient must also have procedures to monitor, detect, and terminate any agents or subawardee or subawardee employees that have engaged in such activities.
- e. If the Recipient receives any credible information regarding a violation listed in section a(1)-(4) of this provision, the recipient must immediately notify the cognizant AO and the USAID Office of the Inspector General; and must fully cooperate with any Federal agencies responsible for audits, investigations, or corrective actions relating to trafficking in persons.
 - f. The AO may direct the Recipient to take specific steps to abate an alleged violation or enforce the requirements of a compliance plan.
 - g. For purposes of this provision, “employee” means an individual who is engaged in the performance of this award as a direct employee, consultant, or volunteer of the recipient or any subrecipient.
 - h. The recipient must include in all subawards and contracts a provision prohibiting the conduct described in section a(1)-(4) by the subrecipient, contractor, or any of their employees, or any agents. The recipient must also include a provision authorizing the recipient to terminate the award as described in section b of this provision.

[END OF PROVISION]

M7. VOLUNTARY POPULATION PLANNING ACTIVITIES – MANDATORY REQUIREMENTS (MAY 2006)

a. Requirements for Voluntary Sterilization Programs

- (1) Funds made available under this award must not be used to pay for the performance of involuntary sterilization as a method of family planning or to

coerce or provide any financial incentive to any individual to practice sterilization.

b. Prohibition on Abortion-Related Activities:

- (1) No funds made available under this award will be used to finance, support, or be attributed to the following activities: (i) procurement or distribution of equipment intended to be used for the purpose of inducing abortions as a method of family planning; (ii) special fees or incentives to any person to coerce or motivate them to have abortions; (iii) payments to persons to perform abortions or to solicit persons to undergo abortions; (iv) information, education, training, or communication programs that seek to promote abortion as a method of family planning; and (v) lobbying for or against abortion. The term “motivate,” as it relates to family planning assistance, must not be construed to prohibit the provision, consistent with local law, of information or counseling about all pregnancy options.
- (2) No funds made available under this award will be used to pay for any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilizations as a means of family planning. Epidemiologic or descriptive research to assess the incidence, extent, or consequences of abortions is not precluded.

[END OF PROVISION]

M8. EQUAL PARTICIPATION BY FAITH-BASED ORGANIZATIONS (JUNE 2024)

a. Equal Participation.

- 1) Faith-based organizations are eligible, on the same basis as any other organization, to receive any USAID award for which they are otherwise eligible. USAID and pass-through entities must not discriminate for or against an organization on the basis of the organization's religious character, motives, or affiliation, or lack thereof; or for any other reason that would not be a valid basis to favor or disfavor a similarly situated secular organization.**
- 2) Faith-based organizations must not be disqualified from receiving USAID awards because of their religious character, motives, or affiliation, or lack thereof. Notices of funding opportunities must include language indicating that faith-based organizations are eligible on the same basis as any other organization and subject to the protections and requirements of federal law.**
- 3) Decisions about awards of USAID financial assistance must be free from political interference or even the appearance of such interference. Awards must be made**

on the basis of merit, not the basis of the religious affiliation of an applicant, or lack thereof.

- 4) A faith-based organization may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs, within the limits contained in this provision. For more information, see the [USAID Center for Faith-Based and Neighborhood Partnerships](#) website and [22 CFR 205.1](#).

b. Explicitly Religious Activities Prohibited.

- 1) Explicitly religious activities include activities that involve overt religious content such as worship, religious instruction, prayer, or proselytization.
- 2) The recipient must not engage in explicitly religious activities as part of the programs or services directly funded with Federal financial assistance from USAID. If the recipient engages in explicitly religious activities, the activities must be offered separately, in time or location, from any programs or services directly funded by this award, and participation must be voluntary for beneficiaries of the programs or services funded with USAID assistance.
- 3) These restrictions apply equally to faith-based and secular organizations. All organizations that participate in USAID programs, as recipients or subrecipients, including faith-based organizations, must carry out eligible activities in accordance with all program requirements and other applicable requirements governing USAID-funded activities.
- 4) Notwithstanding the restrictions of b.(1) and (2), a faith-based organization that applies for or receives USAID-funded awards or subawards:
 - i) Retains its autonomy, religious character, and independence and may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs, provided that it does not use direct financial assistance from USAID to support or engage in any explicitly religious activities or in any other manner prohibited by law;
 - ii) May use space in its facilities, without concealing, altering or removing religious art, icons, scriptures, or other religious symbols; and
 - iii) Retains its authority over its internal governance, and may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents.

- c. Requests for Accommodation: USAID must consider requests for accommodation, including for religious exercise, with respect to one or more award requirements on a case-by-case basis.
- d. Implementation in accordance with the Establishment Clause of the First Amendment to the U.S. Constitution: Nothing in this provision must be construed as authorizing the use of USAID funds for activities that are not permitted by Establishment Clause jurisprudence or otherwise by law.

(c) Procedure to register for notifications.

Go to <https://sites.google.com/site/usaidipnforassistance/> and click the “Register” button at the top of the page. Recipient representatives must use their official organization email address when subscribing, not personal email addresses.

(d) Processing of IPN Portal Amendments

The Recipient may access the IPN Portal at any time to review all IPN Portal amendments; however, the system will also notify the Recipient by email when the USAID IPN Portal Administrator posts a universal bilateral amendment for Recipient’s review and signature. Proposed USAID IPN Portal amendments distributed via the IPN Portal are applicable to all awards, unless otherwise noted in the proposed amendment.

M.10 ENHANCEMENT OF GRANTEE EMPLOYEE WHISTLEBLOWER PROTECTIONS (DECEMBER 2022)

The requirement to comply with and inform all employees of the " Enhancement of Contractor Employee Whistleblower Protections" is retroactively effective for all assistance awards and subawards (including subcontracts) issued beginning July 1, 2013.

The Recipient must:

2. Include such requirement in any subaward or contract made under this award.

41 U.S.C. § 4712 states that an employee of a grantee may not be discharged, demoted, or otherwise discriminated against as a reprisal for "whistleblowing." In addition, whistleblower protections cannot be waived by any agreement, policy, form, or condition of employment. The parties agree that this prohibition extends to cooperative agreements in addition to grants.

Whistleblowing is defined as making a disclosure "that the employee reasonably believes" is evidence of any of the following:

- Gross mismanagement of a Federal contract or grant;
- A gross waste of Federal funds;
- An abuse of authority relating to a Federal contract or grant;

Text highlighted in yellow indicates that the material is new or substantively revised.

- A substantial and specific danger to public health or safety; or
- A violation of law, rule, or regulation related to a Federal contract or grant (including the competition for, or negotiation of, a contract or grant).

To qualify under the statute, the employee's disclosure must be made to:

- A Member of the U.S. Congress, or a representative of a U.S. Congressional Committee;
- A cognizant U.S. Inspector General;
- The U.S. Government Accountability Office;

For example, a Dataset may represent a single spreadsheet, an extensible mark-up language (XML) file, a geospatial data file, or an organized collection of these. This requirement does not apply to aggregated performance reporting data that the recipient submits directly to a USAID portfolio management system or to unstructured data, such as email messages, PDF files, PowerPoint presentations, word processing documents, photos and graphic images, audio files, collaboration software, and instant messages. Neither does the requirement apply to the recipient’s information that is incidental to award administration, such as financial, administrative, cost or pricing, or management information. Datasets submitted to the DDL will generally be those generated with USAID resources and created in support of Intellectual Work that is uploaded to the Development Experience Clearinghouse (DEC) (See M1. SUBMISSIONS TO THE DEVELOPMENT EXPERIENCE CLEARINGHOUSE AND DATA RIGHTS (JUNE 2012)).
- (2) “Intellectual Work” includes all works that document the implementation, monitoring, evaluation, and results of international development assistance activities developed or acquired under this award, which may include program and communications materials, evaluations and

assessments, information products, research and technical reports, progress and performance reports required under this award (excluding administrative financial information), and other reports, articles and papers prepared by the recipient under the award, whether published or not. The term does not include the recipient's information that is incidental to award administration, such as financial, administrative, cost or pricing, or management information.

b. Submissions to the Development Data Library (DDL)

- (1) The recipient must submit to the Development Data Library (DDL) at www.usaid.gov/data, in a machine-readable, non-proprietary format, a copy of any Dataset created or obtained in performance of this award, including Datasets produced by a subawardee or a contractor at any tier. The submission must include supporting documentation describing the Dataset, such as code books, data dictionaries, data gathering tools, notes on data quality, and explanations of redactions.
- (2) Unless otherwise directed by the Agreement Officer (AO) or the Agreement Officer Representative (AOR), the recipient must submit the Dataset and supporting documentation to the DDL within thirty (30) calendar days after the Dataset is first used to produce an Intellectual Work or is of sufficient quality to produce an Intellectual Work. Within thirty (30) calendar days after award completion, the recipient must submit to the DDL any Datasets and supporting documentation that have not previously been submitted to the DDL, along with an index of all Datasets and Intellectual Work created or obtained under the award. The recipient must also provide to the AOR an itemized list of any and all DDL submissions.

The recipient is not required to submit the data to the DDL, when, in accordance with the terms and conditions of this award, Datasets containing results of federally funded scientific research are submitted to a publicly accessible research database. However, the recipient must submit a notice to the DDL by following the instructions at www.usaid.gov/data, with a copy to the agreement officer representative, providing details on where and how to access the data. The direct results of federally funded scientific research must be reported no later than when the data are ready to be submitted to a peer-reviewed journal for publication, or no later than five calendar days prior to the conclusion of the award, whichever occurs earlier.

- (3) The recipient must submit the Datasets following the submission instructions and acceptable formats found at www.usaid.gov/data.

- (4) The recipient must ensure that any Dataset submitted to the DDL does not contain any proprietary or personally identifiable information, such as social security numbers, home addresses, and dates of birth. Such information must be removed prior to submission.

“Physical child abuse” means acts or failures to act resulting in injury (not necessarily visible) or unnecessary or unjustified pain or suffering without causing injury, harm, or risk of harm to a child’s health or welfare, or death.

“Sexual abuse” constitutes any actual or threatened physical intrusion of a sexual nature toward another person whether by force or under unequal or coercive conditions. When carried out against a child by an adult, such conduct is considered sexual abuse even in the absence of force or unequal or coercive conditions.

(b) Requirements. In the performance of this award, the recipient must have and implement a set of publicly available standards, policies, or procedures to prevent, detect, address, and respond to allegations of exploitation, sexual abuse, child abuse, and child neglect that:

- (1) Prohibit employees, agents, interns, or any other person provided access or contact with beneficiaries, from engaging in any exploitation, sexual abuse, child abuse, and child neglect of any person during the period of performance, supporting or advancing these actions, or intentionally ignoring or failing to act upon allegations of these actions;

- (6) Include remedies for violations;
- (7) Monitor subrecipients, employees, agents, interns, or any other person provided access or contact with beneficiaries;
- (8) Details the actions that may be taken against subrecipients, employees, agents, interns, or any other person provided access or contact under the

 - (iii) A description of how beneficiaries and local community members:
 - A. Are made aware of the prohibited activities,
 - B. How they may report allegations, and
 - C. How (A) and (B) are carried out in a manner that is inclusive, culturally appropriate, and sensitive to the context;
 - (iv) Safe, accessible, and publicly available reporting mechanism(s) that may be integrated with any existing or similar such mechanisms, for anyone to confidentially report exploitation, sexual abuse, child abuse, and child neglect, with appropriate safeguards to protect whistle-blowers and survivors, including express protection against retaliation for reporting, and documented procedures for protecting personally

identifiable information (PII) from unauthorized access and disclosure;
and

(e) Remedies. In addition to other remedies available to the U.S. Government, the recipient's failure to comply with the requirements of paragraphs (b), (c), and (d) of this provision may also result in the Agency initiating suspension or debarment proceedings.

(f) Subrecipients. The recipient must insert the terms of this provision, including this paragraph (f), in all subawards except to require subrecipients to notify the recipient. The recipient must forward such notifications as required in paragraph (d).

[End of Provision]

Subrecipients and contractors must disclose, in a timely manner, in writing to the USAID Office of the Inspector General and to the prime recipient (pass through entity) all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award.

Failure to make required disclosures can result in any of the remedies described in 2 CFR §200.339 Remedies for noncompliance, including suspension or debarment (See 2 CFR 180, 2 CFR 780 and 31 U.S.C. 3321).

The recipient must include this mandatory disclosure requirement in all subawards and contracts under this award.

[End of Provision]

M15. NONDISCRIMINATION AGAINST BENEFICIARIES (November 2016).

(a) USAID policy requires that the recipient not discriminate against any beneficiaries in implementation of this award, such as, but not limited to, by withholding, adversely impacting, or denying equitable access to the benefits provided through this award on the basis of any factor not expressly stated in the award. This includes, for example, race, color, religion, sex (including gender identity, sexual orientation, and pregnancy), national origin, disability, age, genetic information, marital status, parental status, political affiliation, or veteran's status. Nothing in this provision is intended to limit the ability of the recipient to target activities toward the assistance needs of certain populations as defined in the award.

(b) The recipient must insert this provision, including this paragraph, in all subawards and contracts under this award.

[End of Provision]

M16. CONFLICT OF INTEREST (August 2018)

- a. A conflict of interest in the award, administration, or monitoring of subawards arises when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a non-federal entity considered for a subaward. The officers, employees, and agents of the non-federal entity may neither solicit nor accept gratuities, favors, or anything of monetary value from subrecipients or parties to

subawards. However, pass-through entities may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the pass-through entity.

- b.** The recipient must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of subawards. The recipient safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
- c.** The non-federal entity must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, the non-federal entity is unable or appears to be unable to be impartial in conducting a subaward action involving a related organization.
- d.** The recipient must have a system or systems in place to address, resolve, and disclose to USAID any conflicts of interest as described in this provision that affect any subaward regardless of the amount funded under this award.
- e.** The recipient must disclose any conflict of interest and the recipient's approach for resolving the conflict of interest to the cognizant Agreement Officer for the award within 10 calendar days of the discovery of the conflict of interest.
- f.** Upon notice from the recipient of a potential conflict of interest and the approach for resolving it, the Agreement Officer will make a determination regarding the effectiveness of the recipient's actions to resolve the conflict of interest within 30 days of receipt of the recipient's notice, unless the Agreement Officer advises the recipient that a longer period is necessary.
- g.** The recipient cannot request payment from USAID for costs for transactions subject to the conflict of interest pending notification of USAID's determination. Failure to disclose a conflict of interest may result in cost disallowances.
- h.** For conflicts of interest, including organizational conflicts of interest, involving contracts, the recipient must follow 2 CFR 200.318, general procurement standards.
- i.** The recipient must insert the substance of this provision, including paragraph (i), in all subawards under this award, at any subaward tier.

[End of Provision]

M17. EXCHANGE VISITORS VISA REQUIREMENTS (DECEMBER 2022)

For any Exchange Visitor Invitational Travel activities, the recipient must comply with this provision (see [ADS 252](#) for more information on USAID's policies and internal procedures for Exchange Visitor visa requirements).

Definitions:

An **Exchange Visitor (EV)** is any foreign national who is traveling to or is already in the United States as a beneficiary (not provider) of USAID development assistance for any purpose, including invitational travel, and is financed in whole or in part, directly or indirectly, by USAID. All USAID-sponsored EVs must obtain, use, and abide by the terms of the J-1 visa exclusively even if they already have a valid nonimmigrant visa (e.g., B-1/B-2). All Individuals traveling under Invitational Travel (see [ADS 522](#)) must also travel on a J-1 visa as a USAID-sponsored EV. Foreign government officials and their immediate family members who qualify for an A diplomatic visa having recognized diplomatic titles, privileges, and immunities are not included in this definition.

Training and Exchanges Automated Management System (TEAMS) is USAID's data system for the reporting of information on all USAID Exchange Visitor activities. TEAMS is USAID's single repository of EV data. TEAMS is a web-based application that helps Missions, contractors, recipients, and contractor/recipient systems at various locations to collaborate in approving and reporting EVs. The system serves as USAID's data interface with the Department of Homeland Security (DHS) Student and Exchange Visitor Information System (SEVIS).

- b. Visa Compliance Requirement:** In accordance with 22 C.F.R. Part 62, the Department of State has designated USAID as a sponsor for exchange visitor programs. This award constitutes the written agreement between the recipient and USAID that authorizes the recipient to act on behalf of USAID in the conduct of any exchange visitor activities in the Program Description of this award. The recipient must ensure that any EV-sponsored under the award must obtain, use, and abide by the terms of the J-1 visa even if the EV already has a valid non-immigrant visa (e.g., B-1/B-2).

Any exception to the requirement for an EV to obtain, use, and abide by a J-1 visa must be approved by the Mission Director or USAID/W Office Director in accordance with the procedures in [ADS 252](#).

- c. Program Monitoring and Data Reporting:** The recipient must monitor EVs' progress during their program and ensure that problems are identified and resolved quickly. The Agreement Officer's Representative (AOR) will arrange for the TEAMS helpdesk (TEAMS@usaid.gov) to provide the recipient with access

to and instructions for using USAID's TEAMS, where the recipient will report and manage EV data.

- d. **Health and Accident Insurance:** The recipient must enroll EVs in health and accident insurance coverage that meets or exceeds Department of State and USAID minimum coverage requirements as set forth in 22 CFR 62.14 and ADS 252 Visa Compliance for Exchange Visitors. Any dependent(s) must provide proof of health insurance.
- e. **Immigration Requirements:** The recipient must ensure that all EVs obtain, use, and comply with the terms of the J-1 visa, issued in conjunction with a USAID-issued Certificate of Eligibility for J-1 Visa Status (DS-2019).
- f. **Language Proficiency:** The recipient must verify that an EV is proficient in English if the individual will undertake a U.S.-based Exchange Visitor program that is conducted in English. Even if accompanied by an interpreter, the EV must have sufficient English language skills to understand and respond to basic questions at the U.S. port of entry. USAID cannot waive this external requirement of English language proficiency determination (see [22 CFR 62.10\(a\)\(2\)](#)). Language competency can be verified through a variety of means including proficiency assessments of interviews, publications, presentations, education conducted in English, and formal testing.
- g. **Pre-arrival Orientation:** The recipient must ensure that EVs receive pre-arrival orientation to prepare them for their trip to the United States. Pre-arrival orientation as set forth in 22 CFR 62.10(b) covers program objectives, administrative and policy review, cultural aspects, and training/learning methods, and USAID's conditions of sponsorship.
- h. **Conditions of Sponsorship:** The recipient must ensure that all EVs read and sign the Conditions of Sponsorship for U.S.-Based Activities form ([AID Form 252-1](#)). The recipient immediately must report to the Responsible Officer any known violations by EVs. The Responsible Officer is the designated official in charge of maintaining USAID's official designation as an EV program sponsor (see [ADS 252](#)).
- i. **Fly America:** If applicable, the recipient must comply with the Fly America Act requirements for international air travel and transportation required for EVs and any authorized dependents under this award.

M18. OMB APPROVAL UNDER THE PAPERWORK REDUCTION ACT (OCTOBER 2023)

(OMB) before collecting information from ten or more members of the public. The information collection and recordkeeping requirements contained in [ADS Chapter 303](#) and its mandatory references have been approved by OMB.

M19. LIMITING CONSTRUCTION ACTIVITIES (AUGUST 2023)

PRESCRIPTION: *In accordance with the policy in [ADS 303.3.30](#), Agreement Officers (AOs) must include this provision in all solicitations and awards. When no construction activities are contemplated under the award, the AO must insert “Construction is not eligible for reimbursement under this award” in section d) of this provision. **Note that Agency policy prohibits construction under grants, including fixed amount grants.** If the award permits construction activities based on the policy above (or as authorized by waiver or exception), the AO must insert the description and location(s) of the specific construction activities in section d) of this provision. The AO must not make a general reference to the Program Description. The AO must also ensure that construction activities are explicit in the award’s budget and any milestone plan.*

LIMITING CONSTRUCTION ACTIVITIES (AUGUST 2023)

Text highlighted in yellow indicates that the material is new or substantively revised.

The term includes, without limitation, roads, power plants, buildings, bridges, water treatment facilities, and vertical structures. The term does not include emplacement and removal of prefabricated structures and humanitarian shelters that are designed and constructed to be readily moved, erected, disassembled, stored, and reused (i.e., “relocatable buildings”), unless the emplacement and removal of the relocatable building requires site preparation work that otherwise meets the definition of construction.
- c) “Improvements, renovation, alteration, and refurbishment” means – any betterment or change to an existing property to allow its continued or more efficient use within its designed purpose (renovation), or for the use of a different purpose or function (alteration). Improvements also include improvements to or upgrading of primary mechanical, electrical, or other building systems. “Improvements, renovation, alteration, and refurbishment” does NOT include non-structural, cosmetic work, including painting, floor covering, wall coverings, window replacement that does not include changing the size of the window opening, replacement of plumbing or conduits that does not affect structural elements, and non-load bearing walls or fixtures (e.g., shelves, signs, lighting, etc.). It also does NOT include repairs used in humanitarian assistance which constitute minor fixes to physical elements of a currently serviceable structure, if those repairs do not significantly impact or change the primary mechanical, electrical, or structural elements of the real property.
- d) Agreement Officers will not approve any subawards or procurements by recipients for construction activities that are not listed in paragraph e) below.
- e) Description
[*Type of construction and location(s)*]
- f) The recipient must include this provision in all subawards and procurements and make vendors providing services under this award and subrecipients aware of the restrictions of this provision.

[END OF MANDATORY PROVISIONS]

REQUIRED AS APPLICABLE STANDARD PROVISIONS FOR FIXED AMOUNT AWARDS TO NONGOVERNMENTAL ORGANIZATIONS

RAA1. FIXED AMOUNT AWARD ADVANCE PAYMENT AND REFUNDS (NOVEMBER 2020)

APPLICABILITY: *This provision must be incorporated into awards that authorize advance payments, which may be authorized when the recipient's accounting and financial management systems conform to the accounting principles generally accepted (GAAP) in the U.S., the cooperating country, or by the International Accounting Standards Board (IASB) (a subsidiary of the International Financial Reporting Standards Foundation (IFRSF)), meet the pre-award responsibility requirements in ADS Chapter 303 and when providing liquidity through milestone financing is not sufficient to meet implementation requirements. When advances are authorized, payment amounts must correspond to and be liquidated against milestones. Advance payments for any milestone may not exceed the milestone amount for which they are being made and the total amount of funds advanced may not exceed the total award amount. When this provision is used, the Schedule at C.2. must be modified to reference this provision as the payment provision.*

FIXED AMOUNT AWARD ADVANCE PAYMENT AND REFUNDS (NOVEMBER 2020)

- a. The recipient is not required to maintain separate bank accounts for USAID funds, unless otherwise required. However, when advances are authorized by this award, the recipient must deposit such funds in a reputable bank and be able to account for the receipt and expenditure of funds and interest earned on the advances provided by the U.S. Government (USG).
- b. The recipient must maintain advances of USAID funds in interest-bearing accounts, unless:
 - (1) The recipient receives less than \$250,000 in USG awards per year;
 - (2) The best reasonably available interest-bearing account would not be expected to earn interest in excess of \$500 in a twelve-month period on USG cash balances;
 - (3) The bank would require an average or minimum balance so high that it would not be practical to maintain the advance in an interest-bearing account; or
 - (4) A foreign government or banking system prohibits interest bearing accounts.
- c. The recipient may retain up to \$500 of interest earned in a twelve-month period on

USG cash balances for administrative expenses. Any additional interest earned on advances must be remitted to the USAID payment office specified in this award, or such other location as the payment office advises.

- d. The recipient must request advance payments for anticipated expenditures at time intervals as close as is administratively feasible to the actual disbursements by the recipient, and for the minimum amounts necessary for particular milestones.
- e. To request an advance payment, the recipient must submit (preferably electronically) to the payment office the Standard Form-270 Request for Advance, Standard Form-425 Federal Financial Report or Standard Form-1034 Public Voucher for Purchases and Services Other Than Personal. (See <http://www.gsa.gov/portal/forms/type/SF> for forms.) The recipient must print the statement "Request for Advance" at the top of the form.
- f. The recipient may submit requests for advances to the paying office specified in this award as often as may be necessary to meet projected expenses. Each request must specifically identify the milestone(s) to which the advance applies. In no event may the recipient request or receive an advance greater than the amount of the milestone for which the advance is requested.
- g. Advance payments must be liquidated against milestones and their amounts. This will occur when milestones are met and accepted by USAID. The recipient must refund to USAID any advance amounts above the milestone amount for which the advance was received.
- h. When this award expires, the recipient must immediately return all funds that USAID has advanced to the recipient in excess of any completed milestones. USAID reserves the right, at any time, to 1) withhold or offset payments to or 2) require refund by, the recipient of any amount the recipient received for milestones that are not, or cannot feasibly be, completed.
- i. Cash advances made by the recipient to subrecipients or the recipient's field organizations must conform substantially to paragraphs a., b., c., d. and h. of this provision. In the case of paragraph c., any interest over \$500 per account, per year must be remitted through the prime recipient.

RAA15. VOLUNTARY POPULATION PLANNING ACTIVITIES – SUPPLEMENTAL REQUIREMENTS (JANUARY 2009)

APPLICABILITY: This provision is applicable to all awards involving any aspect of voluntary population planning activities.

VOLUNTARY POPULATION PLANNING ACTIVITIES – SUPPLEMENTAL REQUIREMENTS (JANUARY 2009)

a. Voluntary Participation and Family Planning Methods:

- (1) The recipient agrees to take any steps necessary to ensure that funds made available under this award will not be used to coerce any individual to practice methods of family planning inconsistent with such individual's moral, philosophical, or religious beliefs. Further, the recipient agrees to conduct its activities in a manner which safeguards the rights, health, and welfare of all individuals who take part in the program.

- (2) Activities which provide family planning services or information to individuals, financed, in whole or in part, under this award, must provide a broad range of family planning methods and services available in the country in which the activity is conducted or must provide information to such individuals regarding where such methods and services may be obtained.

b. Requirements for Voluntary Family Planning Projects

- (1) A family planning project must comply with the requirements of this paragraph.
- (2) A project is a discrete activity through which a governmental or nongovernmental organization or Public International Organization (PIO) provides family planning services to people and for which funds obligated under this award, or goods or services financed with such funds, are provided under this award, except funds solely for the participation of personnel in short-term, widely attended training conferences or programs.
- (3) Service providers and referral agents in the project must not implement or be subject to quotas or other numerical targets of total number of births, number of family planning acceptors, or acceptors of a particular method of family planning. Quantitative estimates or indicators of the number of births, acceptors, and acceptors of a particular method that are used for the purpose of budgeting, planning, or reporting with respect to the project are not quotas or targets under this paragraph, unless service providers or referral agents in the project are required to achieve the estimates or indicators.
- (4) The project must not include the payment of incentives, bribes, gratuities or financial rewards to (i) any individual in exchange for becoming a family planning acceptor, or (ii) any personnel performing functions under the project for achieving a numerical quota or target of total number of births, number of family planning acceptors, or acceptors of a particular method of contraception. This restriction applies to salaries or payments paid or made to personnel performing functions under the project if the amount of the salary or payment increases or decreases based on a predetermined number of births, number of family planning acceptors, or number of acceptors of a particular method of contraception that the personnel affect or achieve.
- (5) A person must not be denied any right or benefit, including the right of access to participate in any program of general welfare or health care, based on the person's decision not to accept family planning services offered by the project.

- (6) The project must provide family planning acceptors comprehensible information about the health benefits and risks of the method chosen, including those conditions that might render the use of the method inadvisable and those adverse side effects known to be consequent to the use of the method. This requirement may be satisfied by providing information in accordance with the medical practices and standards and health conditions in the country where the project is conducted through counseling, brochures, posters, or package inserts.
- (7) The project must ensure that experimental contraceptive drugs and devices and medical procedures are provided only in the context of a scientific study in which participants are advised of potential risks and benefits.
- (8) With respect to projects for which USAID provides, or finances the contribution of, contraceptive commodities or technical services and for which there is no subaward or contract under this award, the organization implementing a project for which such assistance is provided must agree that the project will comply with the requirements of this paragraph while using such commodities or receiving such services.
- (9)
 - i) The recipient must notify USAID when it learns about an alleged violation in a project of the requirements of subparagraphs b.(3), b.(4), b.(5), or b.(7).
 - ii) The recipient must investigate and take appropriate corrective action, if necessary, when it learns about an alleged violation in a project of subparagraph b.(6) and must notify USAID about violations in a project affecting a number of people over a period of time that indicate there is a systemic problem in the project.
 - iii) The recipient must provide USAID such additional information about violations as USAID may request.

c. Additional Requirements for Voluntary Sterilization Programs

- (1) Funds made available under this award must not be used to pay for the performance of involuntary sterilization as a method of family planning or to coerce or provide any financial incentive to any individual to practice sterilization.
- (2) The recipient must ensure that any surgical sterilization procedures supported, in whole or in part, by funds from this award are performed only after the individual has voluntarily appeared at the treatment facility

and has given informed consent to the sterilization procedure. Informed consent means the voluntary, knowing assent from the individual after being advised of the surgical procedures to be followed, the attendant discomforts and risks, the benefits to be expected, the availability of alternative methods of family planning, the purpose of the operation and its irreversibility, and the option to withdraw consent any time prior to the operation. An individual's consent is considered voluntary if it is based upon the exercise of free choice and is not obtained by any special inducement or any element of force, fraud, deceit, duress, or other forms of coercion or misrepresentation.

- (3) Further, the recipient must document the patient's informed consent by (i) a written consent document in a language the patient understands and speaks, which explains the basic elements of informed consent, as set out above, and which is signed by the individual and by the attending physician or by the authorized assistant of the attending physician; or (ii) when a patient is unable to read adequately a written certification by the attending physician or by the authorized assistant of the attending physician that the basic elements of informed consent above were orally presented to the patient, and that the patient thereafter consented to the performance of the operation. The receipt of this oral explanation must be acknowledged by the patient's mark on the certification and by the signature or mark of a witness who speaks the same language as the patient.
- (4) The recipient must retain copies of informed consent forms and certification documents for each voluntary sterilization for a period of three years after performance of the sterilization procedure.

d. Prohibition on Abortion-Related Activities:

- (1) No funds made available under this award will be used to finance, support, or be attributed to the following activities: (i) procurement or distribution of equipment intended to be used for the purpose of inducing abortions as a method of family planning; (ii) special fees or incentives to any person to coerce or motivate them to have abortions; (iii) payments to persons to perform abortions or to solicit persons to undergo abortions; (iv) information, education, training, or communication programs that seek to promote abortion as a method of family planning; and (v) lobbying for or against abortion. The term "motivate," as it relates to family planning assistance, must not be construed to prohibit the provision, consistent with local law, of information or counseling about all pregnancy options.
- (2) No funds made available under this award will be used to pay for any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilizations as a means of

family planning. Epidemiologic or descriptive research to assess the incidence, extent or consequences of abortions is not precluded.

- e. The recipient must insert this provision in all subsequent subagreements, including subawards and contracts, involving family planning or population activities that will be supported, in whole or in part, from funds under this award.

ANNEX B3

PROPEL Health Branding Strategy and Marking Plan

February 2023

1. Introduction

This Branding Strategy and Marking Plan outlines how the Promoting Results and Outcomes through Policy and Economic Levers (PROPEL) Health project will comply with USAID regulations and guidance around branding and marking, specifically, the [Code of Federal Regulations 700.16 \(Marking\)](#), [ADS 320 Branding and Marking](#), and the [USAID Graphic Standards Manual and Partner Co-Branding Guide](#)

2. Positioning

2.1. Project Name

The full name of the project is **Promoting Results and Outcomes through Policy and Economic Levers (PROPEL) Health**. The short form of the name is **PROPEL Health**.

The project name will apply to all activities and public communications funded by USAID through the cooperative agreement. In external communication, the full name of the project will be used in the funding acknowledgment; the short form will appear in all other uses of the project name.

2.2. Project Wordmark

PROPEL Health will be implemented by a consortium of organizations, including local partners to strengthen capacity in policy, advocacy, financing, and governance at global, national, and subnational levels. Therefore, a unifying wordmark is proposed to represent the project and its various partners. The wordmark could also be used for other PROPEL projects by switching out the word “Health” with “Youth” and “Adapt.” All materials and products specified in Table 1 (see section 5.1) will be branded with the USAID identity and the PROPEL Health wordmark. Whenever the PROPEL Health wordmark is used, USAID’s logo will also appear of equal size and prominence in accordance with the design described in the USAID Graphic Standards Manual.

Proposed wordmark:

PROPEL
Health

3. Project Communications

3.1. Main Program Message

PROPEL Health aims to improve the enabling environment for equitable and sustainable health services, supplies, and delivery systems through: (1) policy development and implementation, (2) adequate, predictable, and sustainable health financing, (3) enhanced government stewardship, transparency, and accountability, and (4) use of evidence-based advocacy approaches at global, national, and subnational levels to promote best practices. It focuses on family planning/reproductive health, primary healthcare, and the integration of FP/RH with HIV and maternal and child health.

3.2. Audiences

PROPEL Health has the following target audiences:

- Health actors, advocates, and implementers working at the global, national, and subnational level
- Government officials and policymakers
- Representatives from civil society, universities and training institutions, and the private sector
- Religious leaders and organizations, women's groups, Indigenous networks, the media, networks and groups of people living with HIV, and other interest groups
- Clients of primary healthcare services, family planning/reproductive health services, maternal and child health services, HIV services, and other healthcare programs and services as well as individuals who influence the uptake of services
- USAID Missions, the Bureau of Global Health, international donor agencies, foundations, and other USAID implementing partners

3.3. Communications and Project Materials

PROPEL Health will use a variety of communications channels to share project-related information and resources, including the project overview brief. As described in the cooperative agreement, PROPEL Health will develop a "Hub for Global Excellence and Learning in Policy, Advocacy, Financing, and Governance." The purpose of the Hub website is to accelerate technical excellence; facilitate localization; and foster collaborating, learning, and adapting and innovation across countries, languages, and technical areas. The Hub will digitally reach audiences, including USAID Missions, with information about the project and its resources. In line with USAID's ADS Chapter 551, Section 508 and Accessibility, the website and materials posted on it will be fully accessible.

The project will establish a presence on social media with Facebook and LinkedIn pages, a Medium channel, and a Twitter feed. The social media page descriptions will acknowledge USAID funding on the main page. The project will consider additional social media and sharing platforms (e.g., Instagram and Flickr) as the need arises and in line with USAID approval and budget availability to effectively implement its communications strategy. The project will also submit relevant content to USAID's social media channels, such as Exposure and its Twitter feed, @USAIDGH, for consideration.

Communication materials (listed in Table 1) will be used to share information about the project and its resources, as appropriate to the audience and setting. Project materials will include the USAID logo and PROPEL Health wordmark, funding acknowledgement, and disclaimer. If materials are produced under a subaward (sub-agreement or contract under assistance), the sub-awardee must comply with the PROPEL Health branding and marking plan. As appropriate, PROPEL Health will share project materials electronically and at conferences, workshops, training sessions, and other meetings it attends or sponsors. In-country dissemination will depend on the wishes of the USAID Mission and local counterpart agencies. In line with USAID guidance, project materials will be uploaded to the USAID Development Experience Clearinghouse (DEC). A list of materials uploaded to the DEC will be shared with the AOR on a semi-annual basis via the semi-annual report.

4. Acknowledgements

4.1. Acknowledging USAID

In addition to prominent placement of the USAID logo and PROPEL Health wordmark on project materials, the following acknowledgment will be included on PROPEL Health external and internal publications, when appropriate:

Promoting Results and Outcomes through Policy and Economic Levers (PROPEL) Health is a five-year cooperative agreement funded by the U.S. Agency for International Development (USAID) under Agreement No. 7200AA22CA00023, beginning September 23, 2022. PROPEL Health is implemented by Palladium in collaboration with African Economic Research Consortium, Avenir Health, Population Reference Bureau, RTI International, Samasha Medical Foundation, and the White Ribbon Alliance.

This acknowledgment language can be modified as needed to indicate other program or project funding.

In compliance with regulation 2 CFR 700.16(c)(1), the following disclaimer will be included on internal and external PROPEL Health communications material that has not been approved by USAID:

This [study/report/audio/visual/other information/media product] is made possible by the generous support of the American people through USAID. The contents are the responsibility of [PROPEL Health] and do not necessarily reflect the views of USAID or the U.S. Government.

4.2. Acknowledging Consortium Partners

In communication materials, consortium partners will be acknowledged in the funding statement (as described in section 4.1). As the lead implementer, Palladium will be listed as the publisher on externally facing materials with its logo appearing along with the organization's contact information at the end of the material. Co-developed and co-branded global-level advocacy materials such as global frameworks developed by consortium partner White Ribbon Alliance (WRA) as part of global working groups will be exempt from branding under presumptive exception ii (see section 5.2), however, they may still acknowledge USAID support in other ways as indicated in section 5.2.

4.3. Acknowledging Host-Country Governments and Other Partners

PROPEL Health strives to strengthen the technical and organizational capacity of regional, national-level, and subnational partners (including government agencies, nongovernmental organizations, universities, and the commercial sector) to provide policy, advocacy, financing, and governance capacity development and assistance. These groups will be key partners of the project—recognizing their contributions will be essential for building local capacity and increasing in-country ownership. As appropriate, PROPEL Health communications materials may be co-branded with government or partner logos when these organizations have contributed significant funding or in-kind support to the activity, or to promote local ownership and capacity building. Appropriate brand exceptions will be sought for co-branding and logo placement (see section 5.2 for exceptions).

Policies, strategies, plans, curricula, guidelines, etc. that are to be positioned solely as coming from in-country organizations (such as government agencies, nongovernmental organizations, faith-based groups, universities, and businesses) may be exempted from USAID marking (see section 5.2).

5. Marking

5.1. Marking of Materials

Table 1 outlines the types of materials that will be produced under PROPEL Health. Any materials that are not anticipated in the table, but are produced under PROPEL Health, will adhere to the basic guidelines and intent described in this branding strategy and marking plan. Products produced under PROPEL Health will be co-branded with the USAID logo, PEPFAR logo (when applicable), and PROPEL Health wordmark and will adhere to guidance for co-branded materials as outlined in the USAID Graphic Standards Manual. The USAID logo will appear on the left on a background as described in the Graphic Standards Manual and will be of equal size and

prominence with all others. When co-funded by PEPFAR, marking will appear in the following order: USAID, PEPFAR, PROPEL Health.

Table 1. Project Materials with USAID and PROPEL Health Marking

Type of Material	Marking Placement
Technical reports, studies, and analyses	Front cover
Briefing papers, memoranda, and policy recommendations	Front cover
Training materials and manuals	Front cover
Hub and Website	Homepage
Mobile apps	Introductory screens, upper left
Software and Excel-based tools	Incorporated into the splash screen/menu
Electronic newsletters	Footer
PowerPoint presentations	Title slide
Conference posters	Bottom of poster
Flyers and factsheets	Front page
Videos	Opening and/or closing title sequences, as appropriate
E-learning courses	Opening and/or closing title sequences, as appropriate

Project promotional materials (e.g., success stories, testimonials)	Front page

In line with USAID's Graphic Standards Manual, materials related to the administration of the cooperative agreement, such as letterhead, nametags, business cards, computers, and office space specific to partners' internal use will not use the USAID standard graphic identity and are not subject to marking.

5.2. Exceptions from Marking

As described in 2 CFR 700.16(h), materials produced by PROPEL Health may receive presumptive exception from marking (i.e., no branding) if branding would:

- (i) Compromise the intrinsic independence or neutrality of a program or materials where independence or neutrality is an inherent aspect of the program and materials, such as election monitoring or ballots, and voter information literature; political party support or public policy advocacy or reform; independent media, such as television and radio broadcasts, newspaper articles and editorials; public service announcements or public opinion polls and surveys.
- (ii) Diminish the credibility of audits, reports, analyses, studies, or policy recommendations whose data or findings must be seen as independent.
- (iii) Undercut host-country government "ownership" of constitutions, laws, regulations, policies, studies, assessments, reports, publications, surveys or audits, public service announcements, or other communications better positioned as "by" or "from" a cooperating country ministry or government official.

Proposed exceptions from marking based on these three criteria include the following categories of materials:

- Government policies, strategies, plans, curricula, and guidelines (regional, national, and subnational levels) or other materials that should be seen as emanating from the government for policy and political reasons
- Organizations' policies, strategies, plans, curricula, and guidelines (e.g., a church's HIV action plan, a workplace anti-discrimination policy) or other materials positioned as being from the host-country partner and must be seen as independent
- University or other training institution curricula that must be seen as independent
- Any product including government reports and partner websites and online resource hubs and libraries that will be maintained and updated in country and further disseminated by local partner(s)
- Invitations and agendas for events, including workshops or launch events positioned as from the local government or host-country partner
- Materials produced by technical working groups funded by PROPEL Health but positioned as from the working group, including the Interagency Gender Working Group and the Family Planning Financing Reference Team

Such materials will be exempt from marking by the Agreement Officer (AO) upon approval of this plan. All additional branding exceptions must be approved by the AO, per 2 CFR 700.16(h)(2). For these additional exceptions, PROPEL Health will need Agreement Officer's Representative (AOR) concurrence on core-funded materials, as well as both AOR and Mission concurrence on field support-funded materials, and the AO must approve. Approvals will be requested via email communication, providing the information listed in Annex 1.

Note that even when a document qualifies for "no branding," it may be possible to acknowledge USAID's contribution in one of several ways:

- The following acknowledgment may appear on the inside cover: "This document was produced under PROPEL Health with support from the U.S. Agency for International Development under cooperative agreement No. 7200AA22CA00023." Wording may vary slightly depending on the product and the nature and extent of the technical assistance provided.

- USAID support may also be acknowledged in the preface, foreword, or acknowledgment sections of the document.
- The appropriateness of acknowledging USAID's support will be discussed with the Mission and/or AOR. If acknowledging USAID's support would have an adverse effect on the product/activity based on the 2 CFR 700.16 exceptions, then it may be excluded.

In accordance with 2 CFR 700.16(i)(1), USAID Principal Officers may waive the branding and marking plan in whole or in part if the Principal Officer determines that marking would pose compelling political, safety, or security concerns, or marking would have an adverse impact in the cooperating country. USAID recipients may request waivers of the plan in whole or in part, through the AOR.

Fixed-Type Award Pre-Award Risk Assessment

Instructions/Notes:

1. The purpose of this assessment is to gather relevant information in order to evaluate the grantee's financial and internal control systems. Based on this information, the grantee's ability to effectively monitor, control, and report on the funds provided by Palladium is determined. This assessment should be completed prior to signing an agreement but does not necessarily need to be part of the criteria for selecting the grantee since capacity building may be an objective of the grant. This assessment is required for all grants \$25,000 or more
2. The assessment may be completed by the Senior Grants and Compliance Manager based on information available from the application or Palladium's past experience with the grantee. An office visit is not required unless the information cannot be obtained otherwise.
3. Based on this assessment, the grantee is assigned a risk level: low risk, medium risk or high risk. The risk level assigned, and the information gathered are then used:
 - To determine if what, if any, special conditions should be included in the grant agreement
 - To create the grantee monitoring plan and determine the appropriate tools to be used in monitoring the grantee
 - To assist in the creation of the financial capacity building plan if the program includes capacity building of grantees as an objective.
4. This document is a template and may be altered as appropriate by Palladium to particular program objectives or donor requirements.
